Acknowledgement

I am very grateful to my supervisor Dr. M Fazilah Abdul Samad, for advising me and being patience with me during this project. Without her help it would have been impossible for me to complete this paper.

I am also very thankful to Dr. Syed Al-Junaid. Assistant Professor, Department of Public Health, Hospital University Kebangsaan Malaysia, for his kind and valuable advise. His advice has guided me all along, and his critic of this paper has improved the quality a lot.

I am also very thankful to, Dr. Azhar Abdul Aziz, Head of the Department of emergency medicine, Hospital University Kebangsaan Malaysia, for his advice and co-operation.

May Allah bless them all for their help.
