

Appendix 1

Survey Questionnaire

Serial number: _____

Title of interviewee: _____

Company name: _____

Address: _____

Telephone: _____

Country of origin: _____

It is preferred that section A, C, D and E be filled up by top executive of dominant foreign partner in your company. The balance can be completed by local top executives.

A. Firm Characteristics

1. Date of establishment in Malaysia _____
2. At the time of your establishment, was there any influence from other parties on your decision to invest in Malaysia?
No ☐
Yes ☐ (Please specify their identity)

i. Your government ☐
ii. Local counterpart ☐
(please specify Bumiputra ☐, Non-bumiputra ☐ or both ☐)
iii. Local government ☐
3. Total amount of capital invested as of 1992 _____:
Fixed Asset _____: Working capital _____
4. Foreign ownership share as of 30/6/93 _____
Local ownership share _____ (specify either with private firm ☐ or government ☐)
5. Why local partners are needed? (Please check all that apply)
i. Fulfill government regulation ☐
ii. Maintain good relationship with local government ☐
iii. Need to minimize risk ☐
iv. Local capital is needed ☐
v. Helpful for selling in the local market ☐
vi. Others (specify) _____

Comments: _____

5. Who make important decision in company's activities?

i. Foreign partners []

ii. Local partners []

iii. Both i and ii []

B. Company Activities

1. Products manufactured.

2. Products sale in terms of Malaysia ringgit.

	Total sale	local market (%)	investing country (%)	other countries (%)
1985	_____	_____	_____	_____
1988	_____	_____	_____	_____
1992	_____	_____	_____	_____

3. Please specify countries under 'others' category.

	1985 (%)	1988 (%)	1992 (%)
ASEAN	_____	_____	_____
Asian (exclude ASEAN countries)	_____	_____	_____
EEC	_____	_____	_____
US	_____	_____	_____
Others	_____	_____	_____

4. Intermediate inputs purchase in terms of Malaysia ringgit.

	Total purchase	local market (%)	investing country (%)	other countries
1985	_____	_____	_____	_____
1988	_____	_____	_____	_____
1992	_____	_____	_____	_____

5. Please specify countries under 'others' category.

	1985 (%)	1988 (%)	1992 (%)
ASEAN	_____	_____	_____
Asian (exclude ASEAN countries)	_____	_____	_____
EEC	_____	_____	_____
US	_____	_____	_____
Others	_____	_____	_____

6. If import requirements are substantial, is this because local suppliers are:

- i. Not available []
 - ii. Not competitive []
 - iii. Not up to quality specifications []
 - iv. Other reasons (specify) _____
-

7. Capital and equipment purchase in terms of Malaysia ringgit.

	Total purchase	local market (%)	investing country (%)	other countries
1985	_____	_____	_____	_____
1988	_____	_____	_____	_____
1992	_____	_____	_____	_____

8. Please specify countries under 'others' category.

	1985 (%)	1988 (%)	1992 (%)
ASEAN	_____	_____	_____
Asian (exclude ASEAN countries)	_____	_____	_____
EEC	_____	_____	_____
US	_____	_____	_____
Others	_____	_____	_____

9. If import requirements are substantial, is this because local suppliers are:

i. Not available []

ii. Not competitive []

iii. Not up to quality specifications []

iv. Other reasons (specify) _____

10. Labours employ in terms of person.

	Total employ- ment	local market	investing country	other countries
1985	_____	_____	_____	_____
1988	_____	_____	_____	_____
1992	_____	_____	_____	_____

11. Please specify countries under 'others' category.

	1985 (%)	1988 (%)	1992 (%)
ASEAN	_____	_____	_____
Non-ASEAN	_____	_____	_____

12. What is the composition of employment in your company: (in term of person)

	1985		1988		1992	
	Local	Foreign	Local	Foreign	Local	Foreign
Managerial	_____	_____	_____	_____	_____	_____
Technical & Professional	_____	_____	_____	_____	_____	_____
Other salaried	_____	_____	_____	_____	_____	_____
Wage earners	_____	_____	_____	_____	_____	_____

13. Pertaining to employment, have you encountered any problems in employing workers?

	None at all	some	many
production workers	[]	[]	[]
foreman and supervisors	[]	[]	[]
clerical and accounting	[]	[]	[]
sales and marketing	[]	[]	[]
management and engineers	[]	[]	[]
Others (please specify)	[]	[]	[]

14. Did you engage in training local workforce?

No [] Reason(s) _____

Yes [], costs involved (% of total costs) _____

15. Did you engage in Research and Development?

No [] Reason(s) _____

Yes [], costs involved (% of your total costs) _____

16. Did your firm ever receive incentives from the MIDA?

- i. Without Tax incentives []
- ii. Investment Tax Allowance (before 1986, it is known as Investment Tax credit) []
- iii. Pioneer status []
- iv. Locational incentives []

C. Experience in Investing in Other Countries

1. Has your company ever invested in other countries after investing in Malaysia?

No []

Yes []

If you answered Yes, please answer questions 2, 3, 4 & 5.

2. Specify the countries of the plant.

3. Are these major products/activities

i. Similar []

ii. Substitute []

iii. Complementary []

to Malaysia's production?

4. Reasons for choosing other countries as a location for your investment? (please check all that apply)

i. Return on investment expected to be higher than could be obtained from Malaysia. []

ii. Attractive growth prospects in their local market demand []

iii. Major domestic competitors had invested there []

iv. Need for a valuable and guaranteed source of supply for other subsidiaries in present and future []

v. Others (please specify)

5. Compare the strength and weakness of Malaysia investment climate with other ASEAN countries.

6. Compare the strength and weakness of Malaysia investment climate with other countries (exclude ASEAN).

D. Motives for Direct Investment in Malaysia

In determining your investment decision, please give the weight to the following factors on an ascending scale of 1 to 10. The least important being 1, and the most important being 10, with 2,3,4,5,6, 7, 8, and 9 in between them reflecting varying degrees of importance. (Note: These rankings represent your individual perception of your firm's motives only, they will not be taken as official statements of your firm).

Access to Factors of Production

1. Gain access to mining and mineral for use by your firm in Malaysia. []
2. Gain access to agriculture, forestry, and fishery for use by your firm in Malaysia. []
3. Gain access to manufactured inputs for use by your firm in Malaysia. []
4. Gain access to quality labour. []
5. Gain access to low-cost skilled labour. []
6. Gain access to low-cost unskilled labour. []

Access to Markets

1. Produce goods locally to match rival investment. []
2. Produce goods for sale in the Malaysian market. []
3. Produce goods for export from Malaysia to home country. []
4. Produce goods for export from Malaysia to other countries. []
5. Malaysia is receiving Generalized System Preferential/Multifibler Agreement Status. []

Economic Status

1. Size of the Malaysian market. []
2. Growth of the Malaysian market. []
3. Stability of domestic prices. []
4. Stability of exchange rates. []
5. Level of Malaysia interest rate. []
6. Availability of local capital. []
7. Availability of local technology. []
8. Availability of extensive network of infrastructure facilities (transportation, communication network, service-and-support industries). []
9. Availability of cheap land. []
10. Level of Malaysia corporate tax. []
11. Level of Malaysia trade tariffs. []
12. Level of Malaysia non-tariff barriers. []

Political Stability

1. Frequency of change in government. []
2. Political ideology. []
3. The number of sabotages occurred. []
4. Leadership crisis. []
5. Relationship between civil servants and political leaders. []

Fiscal Incentives and Disincentives

1. Malaysia tax exemptions granted to your firm in Malaysia. []
2. Exemption from trade tariffs granted to your firm in Malaysia. []
3. Exemptions from non-trade tariffs barriers in Malaysia. []
4. Incentives other than tax, trade tariffs and non-trade tariffs granted to your firm. []

5. Specific Malaysian restrictions on your firm's equity investment. []
6. Specific Malaysian requirements for export target by your firm. []
7. Specific Malaysian requirements for your firm to purchase local inputs. []
8. Specific Malaysian requirements for your firm to employ the size of full-time worker. []
9. Specific Malaysian requirement for technology transfer from your firm. []
10. Specific Malaysian restrictions on foreign exchange remittance by your firm. []

Socio-cultural Factors

1. Level of literacy in Malaysia. []
2. Diligence of local labourers. []
3. Malaysian people attitude toward cooperation with foreign private capital. []
4. Language barriers. []
5. Quality of life in Malaysia. []
6. Quality of local investment partners. []
7. Different religions in Malaysia. []
8. Multi-racial society in Malaysia. []
9. Host government attitudes toward foreign investors. []
10. Strength of labour movements. []
11. Political ties to capital-exporting countries. []

What are the most or least important factors on your company's decision to invest in Malaysia? (Please rank the following 6 factors from 1 to 6; and 1 being the most important according to your priority decision)

Factors	Ranking
i. Access to factors of production	[]
ii. Access to markets	[]
iii. Economic status	[]
iv. Political stability	[]
v. Fiscal incentives and disincentives	[]
vi. Socio-cultural factors	[]

E. Future Plan

1. Has your firm encountered problems during the period of operation in Malaysia?

No []

Yes []

please specify _____

2. Has your firm planned for future expansion in Malaysia, say, in 5 years time from now?

No [] Please specify reason(s) _____

Yes []

3. Has your firm planned to move out of Malaysia in the future, say in 10 years time from now?

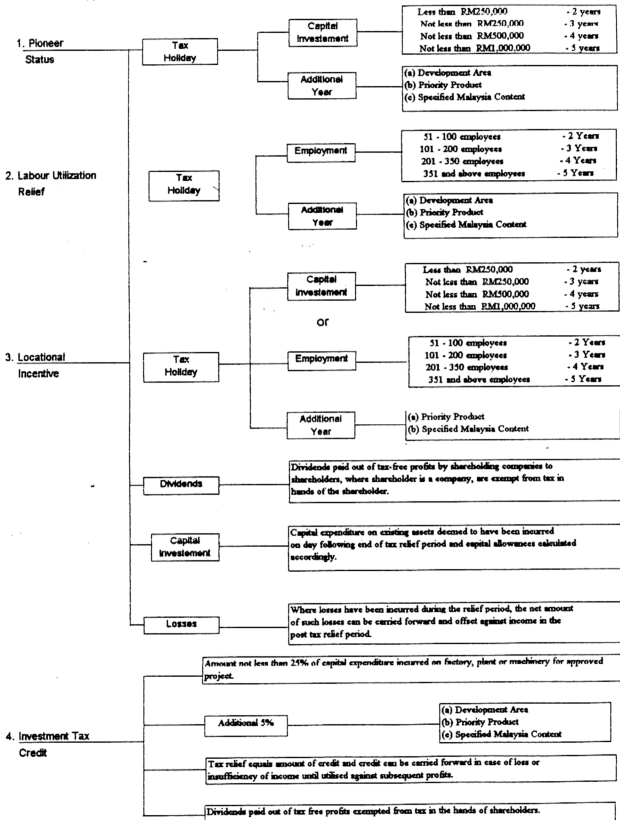

No []

Yes [], Please specify reason(s) _____

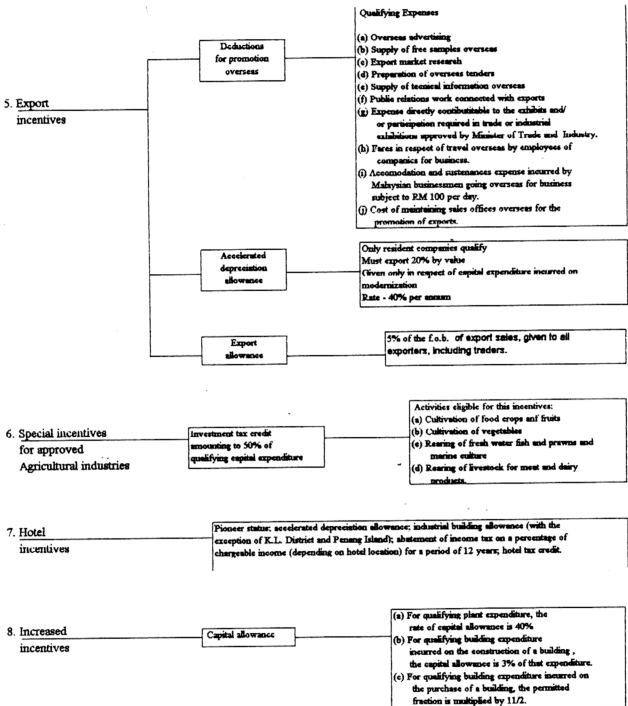

4. What is your opinion if Malaysian government cancel out the disincentives impose on your firm in Malaysia?

5. What is your opinion if Malaysian government stop providing incentives for your firm in Malaysia?

Appendix 2 : Summary of Investment Incentive Act of 1968

Appendix 3

List of Promoted Products and Activities

Agricultural Production

1. Cultivation of cocoa, coffee or tea
2. Cultivation of fruits
3. Cultivation of vegetables, tubers or roots
4. Cultivation of cereals
5. Cultivation of herbs or spices
6. Cultivation of essential oil crops
7. Production of planting materials
8. Cultivation of medical plants
9. Cultivation of fodder crops or animal feed ingredients
10. Cultivation of tobacco
11. Floriculture
12. Sericulture
13. Apiculture
14. Livestock farming
15. Spawning, breeding or culturing of aquatic products
16. Off-shore fishing
17. Any other agricultural activity, except planting of rubber, oil palm and coconut

Integrated Agriculture

1. Cultivation and processing of cocoa, coffee or tea
2. Cultivation and processing of fruits
3. Cultivation and processing of vegetables, tubers or roots
4. Cultivation and processing of cereals
5. Cultivation and processing of herbs or spices
6. Cultivation and processing of essential oil crops
7. Cultivation and processing of medical plants
8. Cultivation and processing of fodder crops or animal feed ingredients
9. Cultivation and curing of tobacco
10. Floriculture and packaging or processing of its produce
11. Sericulture and processing of its produce
12. Apiculture and processing of its produce
13. Breeding and rearing of livestock and processing of livestock and livestock products
14. Spawning, breeding or culturing and processing of aquatic products
15. Off-shore fishing and processing of its produce
oil palm and coconut

Agricultural Processing

1. Cocoa and cocoa products
2. Coffee
3. Tea
4. High fructose syrup
5. Coconut products except copra and crude coconut oil
6. Fruits
7. Vegetables
8. Cereal products
9. Starch and proteins
10. Herbs or spices
11. Essential oils
12. Fodder or other animal feed ingredients
13. Tobacco
14. Flowers or ornamental foliages
15. Honey
16. Meat
17. Livestock products
18. Aquatic products, including seaweed
19. Agricultural waste and by-products
20. Sugar
21. Aquaculture feed

Forestry and Forestry Products

1. Reafforestation
2. Forestry products
3. Rattan processing
4. Basketware and other rattan products
5. Bamboo products

Manufacture of Rubber Products

1. Tyres, all types
2. Retreading of aircraft tyres
3. Tubes
4. Precured retreads
5. Molder rubber products
6. Latex-dipped products
7. Extruded rubber products
8. General rubber goods
9. Foam rubber products
10. Rubberized fabrics
11. Inflatable rubber products
12. Conveyor belts, transmission belts, V-type belts and other rubber belting
13. Engineering components of rubber (e.g. building mounts, anti-vibration mounts)
14. Reclaimed rubber
15. Rubber-based (elastomeric) specify coating
16. Epoxidized natural rubber

Manufacture of Palm and Palm Kernel Oil Products and their Derivatives

1. Fatty acids and their derivatives, fatty esters and their derivatives inclusive of metallic esters, fatty alcohols and their derivatives, fatty amines and their derivatives and glycerine (crude and refined)
2. Cocoa butter replacers (such as cocoa butter substitutes, cocoa butter alternatives, cocoa butter modifiers, cocoa butter equivalents); palm oil mid fraction, special olein II and special olein III
3. Margarin, vanaspati, shortening and other manufactured fat products
4. Crude palm kernel olein and stearin, neutralized or refined and bleached palm kernel olein and stearin and neutralized or refined, bleached and deodorized palm kernel olein and stearin
5. Hydrogenated and/or interesterified oils and oil blends, all types
6. Neutralized palm kernel oil
7. Refined, bleached and deodorized palm kernel oil

Manufacture of Chemicals and Pharmaceuticals

1. Chemical derivatives obtained from methyl and ethyl alcohol
2. Plant and vegetable extracts or pharmaceutical, perfumery, cosmetics and food flavoring industries
3. Antibiotics
4. Basic manufacture of pharmaceuticals
5. Basic manufacture of fertilizers
6. Basic manufacture of pesticides
7. Chemical derivatives from petroleum, natural gas or coal
8. Fine chemicals
9. Animal vaccines and clinical diagnostic reagents
10. Synthesized raw materials for advanced ceramic
11. Common salt
12. Chemical derivatives from inorganic sources
13. Recycling of chemicals and plastic wastes
14. Gelatine
15. Carbon black master batch
16. Chemicals for fire extinguishers
17. Sodium carboxy methyl cellulose
18. Specialized paints and coatings
19. Plastic colour compound excluding PVC compound
20. Plastic colour masterbatch and dry colour
21. Dental cement
22. Epoxy capsulation molding compounds
23. Synthetic naphta
24. Synthetic gas oil
25. Synthetic kerosene
26. Synthetic waxy raffinate
27. Synthetic paraffin wax
28. Synthetic detergent feedstock
29. Synthetic solvents

30. Multicellular polyurethane tyres
31. Plaster of Paris bandages
32. Cooper clad laminates

Manufacture of Leather and Leather Products

1. Tannery
2. Leather products

Manufacture of Wood and Wood Products

1. Plywood, fancy plywood, prefinished and printed plywood
2. Building and insulating boards, such as blockboards, laminated board, batten board, medium-density board, soft board, hard board, wafer board, lamin board, particle board and chipboard
3. Timber moldings, all types
4. Prefabricated housing units and components
5. Wooden cabinets for electrical or electronic products
6. Builders' carpentry and joinery, assembled parquet flooring panels
7. Wooden staircases
8. Wooden doors and windows
9. Products derived from utilized of wood waste (e.g. activated charcoal, wooden briquettes, wood wool)
10. Wood pellets
11. Articles of turned wood
12. Rubberwood veneer
13. Wooden pencil slats
14. Wooden household articles
15. Wooden snow shovels
16. Wooden furniture parts and components
17. Wooden caskets
18. Wooden lasts, footwear parts and components
19. Complete wooden picture frames and picture frames in complete knockdown (CKD) form

Manufacture of Pulp, Paper and Paperboard

1. Pulp
2. Newsprint
3. Printing and writing paper
4. Security paper
5. Household and sanitary paper
6. Wrapping and packaging paper and board
7. Linnerboard
8. Kraft liner
9. Fluting medium
10. Sack kraft
11. Folding boxboard
12. Other paper and paper board
13. Specialized commercial printing

Manufacture of Textiles and Textile Products

1. Man-made fiber, all types excluding polyester and staple fiber
2. Silk, silk yarn and fabrics of silk
3. Continuous yarn or filament yarn of man-made fibers
4. Woven fabrics
5. Special fabrics for upholstery and furnishing fabrics
6. Commission dyeing, bleaching, printing and finishing facilities of high standard for yarn and fiber
7. Cord fabrics including tire-cord fabrics
8. Made-up textile articles
9. Natural fiber
10. Batik printing
11. Knitted fabrics
12. Accessories for the textile industry
13. Knitted articles
14. Yarn of wool
15. Combed yarn of higher count
16. High-quality finished fabrics
17. Flock
18. Dyed yarn
19. Woven fabrics of continuous filament yarn
20. Knitwear
21. Discontinuous yarn of natural and man-made fibers

Manufacture of Clay and Sand-based Products and Other Nonmetallic Mineral Products

1. High-grade processed kaolin
2. High-grade processed ball clay
3. High alumina and basic refractories
4. Klin furniture refractories
5. Laboratory, chemical or industrial wares
6. Ceramic artware, ornaments and articles for adornment
7. Medium- and high-tension porcelain insulators
8. High-grade silica sand and powder
9. Glass inners for vacuum flasks or for other vacuum vessels
10. Decorative glass and glassware
11. Glass ornaments and articles of adornment
12. High-tension electrical glass insulators
13. Bricks, tiles, slabs, paving blocks, squares and other articles of pressed or molded glass used in building
14. Mirrors
15. Glass envelopes (including bulbs and tubes) for electrical lamps, electric valves or the like
16. Glass fittings for lighting purposes
17. Glass pellets
18. Glass fibers (staples and continuous) for reinforcement and textiles, produced from basic raw materials
19. Polished slabs of locally sourced marbles and granite
20. Panels, boards, tiles, blocks and similar articles of vegetable fiber, wood fiber, straw, wood shavings or wood waste, agglomerated with cement plaster or with other

- mineral binding substance
- 21. Cellular concrete blocks and panels
- 22. Rice-husk ash cement
- 23. High-quality calcium carbonate powder
- 24. Advanced ceramics and its derivatives
- 25. Ceramic floor tiles
- 26. Abrasive products for grinding, polishing and sharpening
- 27. Ceramic wall tiles
- 28. Vitrified clay pipes
- 29. Laminated safety glass
- 30. High-purity alumino-silicate ceramic fiber
- 31. Speciality clay
- 32. Float glass
- 33. Formulated clay
- 34. Ceramic components and parts for electrical and industrial use
- 35. Fritz and glass, glaze stains

Manufacture of Iron and Steel and their Products

- 1. Pig iron, sponge iron and hot briquetted iron
- 2. Ingot, billet, bloom and slabs of all grades of steel
- 3. Bars and wire rods (except those of mild steel), angles, shapes and sections of all grades of steel either hot-rolled, cold-rolled or cold-finished
- 4. Plates, sheets, coils, hoops and strips of all grades of steel either hot-rolled, cold-rolled, cold-finished, coated or plated
- 5. Seamless pipe and pipe fittings of iron and steel including hydroelectric conduits
- 6. Wire and wire products of iron and steel
- 7. Cans of iron and steel
- 8. Steel fabricated products
- 9. Steel structure
- 10. Gas cookers and parts thereof
- 11. Ferromanganese, silico manganese, ferro-silicon
- 12. Manufacture of lock cylinder mechanism and parts thereof
- 13. Steel concrete composite piles

Manufacture of Nonferrous Metals and their Products

- 1. Dressing and smelting of nonferrous metals
- 2. Ingots, billet and slab of nonferrous metals
- 3. Bars, rods, shapes and sections of nonferrous metals
- 4. Plates, sheets, coils, hoops and strips of nonferrous metals
- 5. Pipes and tubes of nonferrous metals
- 6. Wire and wire products of nonferrous metals
- 7. Cans and drums of nonferrous metal
- 8. Fabricated products of nonferrous metals
- 9. Powder of nonferrous metals
- 10. Offset printing plates
- 11. Synthetic rutile
- 12. Titanium dioxide pigment

13. Barium sulphate pigment
14. Iron dioxide pigment

Manufacture of Machinery and Machinery Components

1. Industrial processing machinery
2. Agricultural machinery and equipment
3. Mining and mineral processing machinery including equipment for oil and gas exploration and extraction
4. Power generation machinery
5. Material handling equipment
6. Industrial machinery and equipment including engines, motors, generators, compressors, welding equipment, fans and blowers
7. Machine tools
8. Machinery components including ball bearings, valves, pumps, gears and gear boxes, couplings and mechanical seals braided packaging
9. Duplicating machines
10. Typewriters and parts thereof
11. Automatic gate systems, burglar alarm systems and parts thereof
12. Printing rolls and embossing rolls
13. Hand labellers and parts thereof
14. Refrigeration equipment, accessories and parts thereof
15. Automatic parking systems
16. Dicing blades and accessories for silicon wafers and ceramic substrates
17. Adjustable hinges
18. Sewing machines and parts thereof

Supporting Products/Services

1. Iron and steel castings
2. Iron and steel forgings
3. Precision machining
4. Precision stamping
5. Precision electroplating
6. Molds, tools and dies
7. Nonferrous metal castings
8. Nonferrous metal forgings
9. Galvanizing and other related engineering services
10. Irradiation services
11. Overhaul, repair, reconditioning, modification, servicing and testing of industrial gas turbine engines, components and subassemblies
12. Maintenance and servicing of aircrafts, avionics testing and repairs
13. Storage, treatment or disposal of scheduled wastes as defined in the Environmental Quality (Scheduled Wastes) Regulations, 1989, undertaken in an integrated facility for storage, treatment and disposal
14. Powder metallurgical parts

Manufacture of Handtools

Handtools, all types (such as axes, pliers, spanners, screwdrivers, wrenches, hammers, pincers, riveting tools and other handtools)

Manufacture of Motor Vehicles, Components and Accessories

1. Manufacture of motorized vehicles
2. Engines of all types and their parts
3. Transmissions, final drives and wheels of all types, including their parts
4. Chassis bodies including fuel tanks and their parts
5. Suspension systems, stabilizing systems and their parts
6. Electrical or electronics systems, instrumentation and their parts
7. Fuel systems, braking systems, ignition systems, steering systems, cooling systems, air-inlet systems, exhaust systems and engine starting systems and their parts
8. Any other automotive component and accessories

Manufacture of Other Transport Equipment

1. Nonmotorized vehicles such as bicycles, tricycles and gliders
2. Locomotives, coaches, wagons and their parts
3. Pleasure crafts, hydrofoils, hovercrafts and their parts
4. Airplanes, helicopters and their parts
5. Any other type of transport equipment

Manufacture of Electrical and Electronic Products and Components and Parts Thereof

1. Colour television receivers and parts thereof
2. Audio or video cassette recorders or players and parts thereof
3. Tuners
4. Computers, computer peripherals and parts thereof
5. CAD, CAM or CAE equipment and parts thereof
6. Controllers and parts thereof
7. Modems
8. Telephones including cellular radios, walkie-talkies and accessories, components and parts thereof
9. Telecommunications equipment and parts thereof
10. Intercoms
11. Optical fiber products and parts thereof
12. Counters
13. Piezoelectric frequency units
14. Voice and data synthesis equipment
15. Earphones
16. Hearing aids
17. Microphones

18. Smoke detectors, fire alarms, electronic counters
19. Automatic fare collection machines
20. Automatic traffic control equipment
21. Automatic vending machines
22. Automatic parking meters
24. Computing scales
25. Cash registers
26. Telemetering equipment
27. Telex machines
28. Photocopying machines and parts thereof
29. Robots and robotics
30. Electrical lawn mowers
31. Ovens
32. Washing machines and parts thereof
33. Vacuum cleaners and parts thereof
34. Floor polishers
35. Shavers
36. Hair dryers
37. Decorative lights
38. Industrial furnace and parts thereof
39. Button cells
40. Rechargeable cells or batteries
41. Dischargeable tubes
42. Antennae
43. Speakers
44. Microswitches
45. Power supplies
46. Quartz crystals
47. Sensors and transducers
48. Solar cells
49. Motors, all types
50. Relays
51. Resistors
52. Capacitors and parts thereof
53. Printed circuit boards
54. Printed circuit board connectors and parts thereof
55. Charge-couple devices
56. Displays-electroluminescent plasma, liquid crystal
57. Ceramic substrates or packages
58. High-density memory storage media
59. Gold and aluminium bonding wires
60. Headers and cans
61. Lead-frames
62. Magnets or ferrit cores
63. Semiconductors wafer fabrication integrated circuit design
64. Semiconductors, all types
65. Semiconductor testings, all types
66. Electronic modules
67. Magnetic heads
68. Magnetic webs and pancakes
69. Static convertors
70. Compressors for refrigerators
71. Wire harnesses
72. Timer switches
73. Thermostats

74. Power tools
75. Electric door bells
76. Protective switchgear and parts thereof
77. Electric cookers
78. Video cassette tapes and cassett casings
79. Quartz blanks
80. Silicon wafers
81. Computer diskettes
82. Air conditioners, components, parts and accessories
83. Transistor radios
84. Compressors for air conditioners
85. Wireless coded door bell
86. Solar-powered outdoor lights
87. Digital encoders
88. Digital decoders
89. Audio cassette tapes
90. Jigs and fixtures
91. Compact disc players and parts thereof
92. Silicons elastomer switches (key pads) for electrical and electronic instruments/appliances
93. Steam irons
94. Flat type PVC elevator cables
95. Fire resistant cables
96. Components and parts for consumer electronics
97. Industrial lightings and fittings
98. Bar code/optical character recognition printers and parts thereof
99. Software development and production
100. Computerized alarm systems and components
101. Coffee makers
102. Switches for electrical and electronic appliances and apparatus
103. Lampholders
104. Decorative light bulbs
105. Electronic calculators and parts thereof
106. Cable assemblies
107. Compact disks
108. Aquarium water heaters
109. Cables and wires for electronic devices
110. Flexible heaters and parts thereof
111. Laser scanners
112. Pulse transformers (chip type)
113. Electric toasters/electric mixers

Manufacture of Professional, Medical, Scientific, Measuring Equipment and Components and Parts Thereof

1. Medical, surgical, dental, veterinary instruments and equipment and parts thereof, all types
2. Scientific gauges and measuring apparatus, all types
3. Surveying, hydrographic, navigational, meteorological, hydrological, geophysical instruments and parts thereof, all types
4. Testing equipment and parts thereof, all types

5. Meters-gas, liquid or electric measuring
6. Intra-ocular lens

Manufacture of Photographic, Cinematographic, Video and Optical Goods and Components

1. Cameras, accessories and parts thereof
2. Projectors, all types
3. Sound recorders and reproducers
4. Lenses
5. Films, unexposed
6. Binoculars
7. Telescopes, magnifying glasses and microscopes
8. Cinematographic and video equipment
9. Any other photographic apparatus and accessories
10. Semiconductor photolithographic equipment

Film Industry

1. Film and video production
2. Expansion/modernization of film and video production
3. Post-production for film and video
4. Expansion/modernization of post-production for film and video

Manufacture of Clocks, Watches and Components

1. Clocks and watches, all types
2. Parts for clocks and watches

Manufacture of Musical Instruments and Components

Musical instruments and parts, all types

Manufacture of Kitchenware

1. Kitchenware, all types
2. Cutlery
3. Tableware

Manufacture of Furniture

Furniture, all types

Manufacture of Souvenirs and Handcrafts

Souvenirs, handcrafts and giftware, all types

Manufacture of Educational Objects

Educational objects, all types

Manufacture of Toys

Toys, all types

Manufacture of Footwear

Footwear, all types

Manufacture of Sports Goods and Equipment

Sports goods and equipment, all types

Manufacture of Jewelry and related Products

1. Jewelry
2. Processed gems
