## ABSTRACT

### Knowledge Management Within Engineering Companies

One hundred and thirty seven executives of major engineering companies involved in the oil & gas and power industries in Malaysia completed the questionnaires concerning knowledge management within their organisations. The level of knowledge management were studied with respect to competitiveness, organisation factors and employee attitude. Respondents' views on the challenges facing knowledge management within their organisations were also examined.

## DEDICATION

To my parents for their constant encouragement,  
support, love and understanding.

## ACKNOWLEDGEMENT

I would like to thank my advisor, Dr. Abdul Latif Salleh for his advice, support and encouragement throughout the course of this research. I also wish to appreciate to all those who contributed to make this research possible.

## TABLE OF CONTENTS

1.0	Introduction	9
	1.1 What is knowledge management?	11
	1.2 Objectives of the study	12
	1.3 Propositions	13
	1.4 Scope of the study	14
	1.5 Organisation of the study	14
	1.6 Limitations of the study	15
2.0	Literature Review	16
3.0	Research Methodology	22
4.0	Results	26
5.0	Conclusion	41
	5.1 Further Research	43
6.0	Bibliography	45
7.0	Appendix	49
