## The most horrible day in my life.

Today after school, I went back to my house by taxi but there is no taxi at all so I waited for one hour only a taxi arrived. So I get into the taxi, after a while the taxi driver start to speak to me. He speaks all bad things like for example 'sex' to me. I just keep quiet. After that I've reached <sup>insertion of preposition</sup> to my house. I get off the car and ~~then~~ went back to my house quickly.

Then I went to took a shower and then I went out to have my lunch. I was walking, suddenly thunder storm and rain heavily. My clothes are totaly wet then I quickly went back to my house to change a new clothes. After that I went to the kitchen to cook some noodles to eat ~~my~~ but the gas ~~was~~ no more. so I can't cook anything.

After <sup>insertion of preposition</sup> for a while, luckily the rain has stop. So I went out again to have my lunch. Then I went back to my house. Before entering the house my parent started ~~scold~~ scolding me for my clothes all wet.

So after everything, I went to my brother's room to play computer. Suddenly the computer shut down by itself. Then I restart my computer again but it can't work at all. After that my brother ~~he~~ come back and scold me like a mad person. Then I just say that it is not my fault but they do not ~~as~~ listen to me.

The most horrible day in my life.

It all started 1 week after the PMR results came out. I found out I got 5 A's and 2 B's for my test. Bahasa Melayu and history was the subjects I was aiming for A's. But instead I got different results. ~~The~~ <sup>The</sup> most horrible day of my life started ~~after~~ 2 days after the result was out.

I woke up early in the morning and mom told me uncle was <sup>sup</sup> coming to my house to give me reward money for my PMR results. I was so happy when my mom told me that news. He came and gave me RM500 and he gave some advice before he left for work. I <sup>sp</sup> thought that was my most joyous and happiest day of my life. Then half an hour later, my dad came back from United States after doing some business with them.

As soon as he reached home, he asked me for my PMR results. I told him I got 5 A's and 2 B's in a very ~~hand~~ delighted mood. Then, the colour on my dad's face changed and he started scolding me and <sup>p.i.</sup> said that the history paper and Bahasa Melayu paper was very easy and I should <sup>how I obtained</sup> get flying colours instead. <sup>sp</sup> Later he checked the phone bill and he ~~got~~ was shocked to see the bill went up sky high at 432.20 ringgit for the November's bill.

Then again I got all the blame as my sister was <sup>wrong selection (prep.)</sup> away to Japan with friends for some holiday trip. I got very bad scolding and finally after lunch I went to sleep and there was peace for me for a while. I decided to go out with my friends because I wanted to avoid my father. So I went to the arcade. I gamble RM50 and I lost it all. Then I check my money, I was shocked to find out there is only RM400 in my wallet. So I knew I've <sup>p.i.</sup> lost the money somewhere but I didn't manage to find it.

My friend called my <sup>p.i.</sup> phone and invited me to Utama to hang around that place. So I agreed and I drove to Utama and met some of my friends.

there. When I went up to the escalator, I fell down as soon I reached the end of the escalator. Everyone looked at me including my friends and they <sup>all</sup> laugh at me. I got very furious and I drove to SS2 market stall with my friends. At that time, it was in the evening around 8 o'clock.

I went in the hair salon there and visit one of my pet sister. She put her mascara on my hair to look more like a designer hair. Well, she put blue and red colour on my hair and i got to say, her hand work was absolutely Fabulous. I was very pleased with my outlooks at that time. Then I went out and join my friends at the market stall. After around 15 minutes, the police come to us and <sup>at</sup> say they wanted to take us to the police station for some investigation. They told us there is a gang fight around & we're the prime suspects. I think the mistook us because of my hair colour. They thought we were big time triad society members.

We were ~~reale~~ released <sup>(omission of prep)</sup> around 11 o'clock at night after they found the real gangsters. I and one of my friend went 'Viva's' which is a pub and dance place to have some beer to cool off ourselves. Around 12 o'clock am, I drove the car to send my friend home in Bangsar, but then, there was a road block in front. I <sup>stop</sup> and the police check me ~~or~~ and they found out that I have no license, underage, ~~drank~~ drank liquor and finally the road tax just ended.

So I must dig out RM 250 from my wallet to pay for the offences I've made. It's considered bribing the police and it's very common here in Malaysia. I went home and think about what <sup>happens</sup> ~~happens~~ the whole day, and I spend almost RM 500 that night. ~~And~~ As I was almost asleep, the lights and electricity went off. What else can go worse?
