<b>ACKNOWLEDGEMENTS</b>	i
<b>ABSTRACT</b>	ii
<b>TABLE OF CONTENTS</b>	vi
<b>LIST OF TABLES</b>	ix
<b>LIST OF FIGURES</b>	x
<b>CHAPTER 1 : Introduction</b>	1
1:1: Background	1
1:2: Statement of the Problem	3
1:3: Purpose of the Study	6
1:4: Research Questions	8
1:5: Rationale of the Study	8
1.5.1: Continuing Nursing Education	9
1.5.2: Learning Needs	9
1.5.3: Registered Nurses	11
1:6: Significance of the Study	11
1.6.1: Planning for Continuing Nursing Education	11
1.6.2: Determining Needs and Priorities	12
1:7: Limitations of the Study	12
1:8: Definition of Terms	14
<b>CHAPTER 2 : Review of Literature</b>	16
2:0: Introduction	16
2:1: Definition of Continuing Nursing Education	17
2:2: Views of Nurses	19
2:3: Identification of Nurses' Needs	23
2:4: Factors affecting Uptake	25
2:5: Impact of Continuing Education in Critical Care Nursing	27
2:6: Summary	28
<b>CHAPTER 3 : Research Design and Methodology</b>	30
3:0: Introduction	30
3:1: Selection of the Study Area	29
3:2: Study Sample	31

3.3: Data Collection Instrument	31
3.4: Results of the Pilot Study	35
3.5: Data Collection	35
<b>CHAPTER 4 : Analysis of Data and Findings</b>	<b>36</b>
4.0: Introduction	36
4.1: Data Processing and Analysis	37
4.2: Section 1 – Personal Data of Nurses in the Critical Care Unit	38
4.2.1: Distribution of respondents by age group	38
4.2.2: Distribution of respondents according to Ethnic Group	39
4.2.3: Family Obligations	39
4.2.4: Distribution of respondents' length of Nursing Practice	40
4.2.5: Membership of Organizations	41
4.2.6: Post-basic Qualification	42
4.3: Section 2 – Nurses' Perception of Continuing Nursing Education and their Relevance to their Current and Future Development	43
4.3.1: Distribution of respondents to the importance of Continuing Nursing Education	43
4.3.2: Reading Nursing Journals	43
4.3.3: Participation in Continuing Nursing Education Activities	44
4.3.4: Encouragement to attend Continuing Nursing Education	45
4.3.5: Location of Activities and Organizers	46
4.3.6: Types of Participation	46
4.3.7: Benefits of Continuing Nursing Education	47
4.4: Section 3 – Domain of Competencies and Content	49
4.4.1: Priority of Domains of Learning	50
4.4.2: Areas of Practice to Monitor and Improve	51
4.5: Section 4 – Preferred Learning Methods	52
4.5.1: Identification of Preferred Learning Methods	52
4.6: Section 5 – Factors that Foster Motivation	53
4.6.1: Identification of Factors that Foster Motivation	53

4.6.2: Ways that would Motivate nurses to participate in Continuing Nursing Education	54
<b>CHAPTER 5 : Summary, Implications and Recommendations, Suggestions for Future Research and Conclusions</b>	<b>55</b>
5.0: Introduction	55
5.1: Summary of the Findings	57
5.2: Implications and Recommendations	67
5.2.1: Setting up a Department /Unit for Continuing Nursing Education Program	68
5.2.2: Content of the Program	70
5.2.3: Learning Methods	73
5.2.4: Professional Associations	77
5.2.5: Library Resources	78
5.2.6: The Teacher in Continuing Education	79
5.2.7: Evaluation	80
5.3: Suggestions for Further Research	81
5.4: Conclusion	83
<b>BIBLIOGRAPHY</b>	<b>87</b>
<b>APPENDICES</b>	
1. Objectives of the University Hospital, Kuala Lumpur	91
2. Letter to the Director, University Hospital, Kuala Lumpur	92
3. Letter explaining the purpose of survey	95
4. Questionnaire – Survey on Continuing Nursing Education in the Critical Care Unit	96

**LIST OF TABLES**

<b>Table</b>	<b>Page</b>
1. Family obligations	40
2. Membership of nursing organization or other specialty societies	42
3. Distribution of respondents to the importance of continuing nursing education	43
4. Reading habits of respondents	44
5. Participation of respondents in continuing nursing education activities	45
6. Encouragement given to respondents to attend continuing nursing education activities	45
7. Organizers and sponsors of continuing nursing education activities	46
8. Types of participation	47
9. Benefits of continuing nursing education activities	48
10. Frequency of attending continuing nursing education	49
11. Priority according to domains of competencies expressed as lacking by respondents	51
12. Areas of practice respondents feel would help them to improve	52
13. Preferred learning methods	53
14. Factors that foster motivation in participating in continuing nursing education activities	54
15. Ways to motivate nurses to practice continuing nursing education activities as suggested by respondents	55

**LIST OF FIGURES**

<b>Figure</b>	<b>Page</b>
1. Distribution of respondents by age group	38
2. Distribution of respondents according to ethnic group	39
3. Distribution of respondents' length of nursing practice	41
4. Post-basic qualification	42
5. Models of continuing education	70
