## Acknowledgements

This research project would not have become a reality without the constant support and guidance rendered by my supervisor Prof. Madya Dr. Nazari Ismail. I will forever be thankful and grateful to him.

In addition, I would like to extend my heartfelt appreciation to the senior managers and managers of both foreign TNCs and local manufacturers involved for their kind willingness to grant me the interviews. I am also indebted to Puan Suzie from the office of Faculty Business and Accountancy, University Malaya for all the assistance given over the period of my research.

Finally, I would like to express my utmost love and gratitude to my parents and fiancée, Gaik Chin for their sacrifices, patience, encouragements and supports that made this research project possible.
