## ABSTRACT.

### CHAPTER 1. Introduction.

1. General Introduction . . . . .	1
2. Generalised Free Products . . . . .	2
3. Tree Products . . . . .	3
4. HNN Extensions . . . . .	3
5. Notations and definitions . . . . .	4

### CHAPTER 2. Generalised Free Products of Residually $p$ -finite Groups.

1. Introduction . . . . .	6
2. Preliminaries . . . . .	6
3. The main results . . . . .	7
4. Some applications . . . . .	11

### CHAPTER 3. Generalised Free Products Of Weakly Potent Groups.

1. Introduction . . . . .	15
2. Tree products amalgamating finite subgroups . . . . .	15
3. Tree products amalgamating infinite cyclic subgroups . . . . .	16
4. Some applications . . . . .	19
5. Tree products amalgamating finitely generated subgroups . . . . .	21

### CHAPTER 4. HNN Extensions Of Weakly Potent Groups.

1. Introduction . . . . .	25
2. HNN extensions with finite associated subgroups . . . . .	25
3. A Criterion . . . . .	26
4. HNN extensions with finitely generated associated subgroups . . . . .	27
5. One-relator groups with non-trivial centre . . . . .	29

**CHAPTER 5. Cyclic Subgroup Separability of Certain HNN Extensions.**

1. Introduction . . . . .	31
2. Preliminaries . . . . .	31
3. A criterion . . . . .	33
4. HNN extensions of subgroup separable groups . . . . .	35
5. HNN extensions of $\pi_c$ groups . . . . .	37
6. One-relator groups with non-trivial centre . . . . .	39
