ACKNOWLEDGEMENTS

I am very grateful to my supervisor, Professor Dr. Lee Kiong Hock for his encouragement, guidance, advice and invaluable assistance in the writing of this paper. My appreciation goes to all my lecturers, among them; Professor Dr. Mohamed Ariff, Professor Dr. Jomo Sundaram, Professor Dr. Lee Hock Lock, Dr. Mahani Bte Zainal Abidin, Dr. Jahara Bte Yahaya, Dr. Rugayah Bte Mohamed, En. Mustafa Hassan and Mr. Goh Kim Leng, for their guidance for the duration of my MEc course.

My appreciation also goes to Mr. Goh Kim Leng who has assisted me in the application of the SPSS PC+ statistical program which has proved to be a major tool of my research, and whose kind and friendly advice has been most helpful.

My appreciation also goes to my husband and friends who have helped me in the questionnaire survey or in some ways or other. A special thank you to the respondents (the students), without whom my survey would not have been possible.
