Bertarikh: 20 Januari 2000

Tuan Profesor, Profesor Madya, Dr., Tuan/Puan, Sdra. Sdri Sekalian,

Soal selidik ini cuba mendapatkan maklumat tentang sikap dan penglibatan ahli akademik di negara ini dalam penerbitan jurnal ilmiah elektronik yang diterbitkan secara online di Internet. Maklum balas Tuan/Puan sangat berharga dalam melihat kedudukan negara kita dalam peta penerbitan jurnal elektronik dunia. Pentadbiran universiti, perpustakaan, penerbit universiti serta beberapa pihak lain boleh memanfaatkan hasil kajian ini dalam perancangan mereka khususnya yang melibatkan peruntukan kewangan.

A: LATAR BELAKANG RESPONDEN

1. Jawatan Anda

Anda ada membaca jurnal ilmiah elektronik Ya _____ / Tidak _____

Anda ada membuat rujukan daripada jurnal elektronik Ya _____ / Tidak _____

10. Beri tanda "X" bagi kenyataan yang anda setuju:

Internet dan online jurnal adalah medium yang baik dan sesuai bagi komunikasi ilmiah.

Walaupun terbenam dalam timbunan maklumat lain di Internet, kaedah pencarian dan pemilihan dalam medium elektronik adalah canggih dan pantas.

Menerbitkan jurnal ilmiah online secara elektronik lebih murah

Lebih mudah menerbitkan makalah secara elektronik

Jurnal elektronik lebih mudah diarkibkan atau disimpan di perpustakaan

Internet bukan medium yang sesuai bagi perbahasan kesarjanaan dan keilmuan secara serius

Internet akan memuatkan terlalu banyak maklumat lain khususnya yang berkait dengan perniagaan dan perdagangan. Bahan ilmiah akan tenggelam di dalamnya.

Bahan elektronik tidak kekal.

Terima kasih atas kerjasama Ybhg. Tuan Profesor, Profesor Madya, Dr., Tuan/Puan, Sdra. Sdri Sekalian.

Questionnaire on the Impact of Electronic Journals on Malaysian Academicians

The Objective of this questionnaire is to gather data on how Malaysian academicians perceive online electronic journal publishing as well as their involvement in it. The feedback you provide would be invaluable in gauging Malaysia's position in the area of international online publishing. University administrators, librarians, university publishers and other interested institutions would be able to utilise the research findings in their planning, especially in relation to financial allocation for this purpose. This questionnaire is part of the research I am conducting for my Masters degree at the Faculty of Computer Science and Information Technology, University of Malaya. I earnestly hope you would take some time off to provide the information required. Your feedback would be kept confidential. Please respond on this page, and return your information via e-mail. Thank you for your kind cooperation.

You use electronic journals for reference

YES _____ NO _____

Please mark "X" against statements that you agree with

The Internet and online journals are appropriate and effective medium for publishing academic communication _____

Eventhough it is often "buried" amongst the mass of other information on the Internet, the methods available to access information in the electronic media are fast and sophisticated _____

Publishing electronic journals online is cheaper than conventional publishing _____

We can get our papers published faster in electronic journals compared to conventional journals _____

Electronic journals are easier to store / document in libraries _____

The Internet is not the appropriate medium for serious academic and scholarly discourse or exchange of ideas _____

The Internet contains too much information, especially those pertaining to trade and commerce. Hence, academic publications would be overlooked _____

Electronic materials are not permanent _____

Online electronic publications are exposed to intelectual copyright problems

Thank you
