APPENDIX 6

NATIONAL PHILOSOPHY OF EDUCATION

Education in Malaysia is an on-going effort towards further developing the potential of individuals in a holistic and integrated manner, so as to produce individuals who are intellectually, spiritually, emotionally and physically balanced and harmonious, based on firm belief in God. Our efforts are focused towards creating Malaysian citizen who are knowledgeable and competent, who possess high moral standards, and who are responsible and capable of achieving a high level of personal well being and able to contribute to the harmony and prosperity of the family, the society and the nation at large.
