ACKNOWLEDGEMENT

Firstly, praise to Allah the Almighty for giving me strength and patience to complete this dissertation. Gratitude and respectiveness for my mother, Hasiah Hassan and father, Ismail Ngah and Yusuf Mat Yadin that giving me their blessings throughout my life. Special dedication for my life partner, Jamaludin Embong that has been supportive, caring, helpful, loving and patience throughout these hectic years. Only the Almighty can pay it back. My love for my two beloved sons, Muhammad Baihaqi and Ahmad Bukhari that have been so understanding with their mother condition.

For my supportive supervisor, Puan Raja Jamilah Raja Yusof that has been so patience and helpful, I really appreciate the things you have done to make my dream comes true. My ex-teachers and lecturers at SKPJ, SMTM, MRSMKT, KMK, KMKN, UUM and all UM staff especially those at FSKTM, UM library, IPSP and Jabatan Bendahari that have been so helpful for all these years.

Thank you very much to CEO L&G-Twintech Institute of Technology, Prof. Datuk Dr. Ismail Salleh for encouraging his staff to further their studies. My friend, Robiah Hamzah who has been facing the mist and dust throughout these years with me. All L&G-Twintech staff especially those of SCIT and SMCT that very supportive. Lastly for all individuals that are very supportive. Lastly for all individuals that have been directly or indirectly involved in this dissertation. Thank you very much.
