ACKNOWLEDGEMENTS

Praise be to Allah, *Subhanahu wa ta'ala*, for the completion of this study. I am extremely grateful to my respected supervisor, Dr. Jawakhir Mior Jaafar for her precious time devoted to examine the drafts; my sincere thanks for her useful suggestions and encouragement. I also wish to acknowledge the valuable comments of Prof. Datin Dr. Jamaliah Mohd. Ali and Prof. Dr. Zuraidah Mohd Don.

I would also like to express my deepest thanks to the lecturers and students at King Khalid University for their co-operation and willingness to help, in particular the students and lecturers in the Medical, English Language, Computer Science and Biology Departments, all of whom have in one way or the other helped in the completion of this thesis; without their co-operation this thesis would not have been possible.

Special appreciation should also be given to Dr. Hizbullah Al-Sindi, Dean of the Faculty of Languages and Translation and to all of my colleagues in the English Language Department. I extend heartfelt thanks to the University of Malaya for giving me the opportunity to further my studies.

My thanks and gratitude are also conveyed to my husband and children for their patience and support throughout the period of my study.
