## **ACKNOWLEDGEMENT**

A lot of time and effort had been put in by individuals and organizations in order for me to prepare and complete this research paper. I would like to record my sincere gratitude and thanks to my supervisor, Dr Edward Wong Sek Khin from Faculty of Business and Accountancy, University of Malaya who has provided me with much inspiration, dedication and guidance in completion of this research paper.

My gratitude also extends to the officers who have contributed their intellectual in order for me to complete this research paper.

To my colleagues, who have strive for excellent and sacrifice so much to complete this piece of art.

Finally, my beloved wife Cecilia and son, Er Vin for their patience, support, understanding and encouragement throughout the duration of this course.

To them, I'll always forever grateful and thankful.
