ACKNOWLEDGEMENTS

I would like to express here my gratitude and indebtedness to all the people who have helped me in one way or another.

I must first thank the Secretary of the Central Electricity Board, Mr. Wheeler for so kindly allowing me to do a study of the Board's personnel function. Mention must also be made of numerous people from the Personnel Office, Industrial Relations Office and Training Engineer's Office, namely the Personnel Officer, Mr. Davies, the Assistant Personnel Officers, Mr. Chelvarajasingham, Mr. Rozario and Mr. Foo Chong, Inche Hussein Rastan, the Industrial Relations Officer, Mr. Clarke, the Senior Education and Training Engineer and all the members of these three offices.

These kind and helpful people have tolerated my frequent interruptions of their work, in the attempt to clarify certain confusions which I often run into. I would like to express my appreciation to them for having made the time I spent there enjoyable, particularly a whole room to myself and air-conditioned, on top of it. This exercise, I hope, will live up to all their expectations and measure up to all the help given.

I must thank my supervisor Mr. K.S. Nijhar, who has guided me in my work and have given me a lot of help.

And lastly but not least to Mr. Sothilingam, who sat through countless hours typing the exercise.
