First and foremost my deepest appreciation to my supervisor, Prof Abu Bakar Munir for his supervision and guidance throughout the completion of this study.

I would like also to express my sincere appreciation to everyone who took the time to be interviewed and provided valuable insight and knowledge that helped in the completion of this study. Many thanks are also extended to the librarians for their assistance during the research process for the study. Special thanks are also extended to Ms Fizah and Mrs Salitha for her cooperation throughout my period of study.

Utmost gratitude and heartfelt appreciation for my parents for their unconditional love and never ending supply of prayers and words of encouragement and support. Thank you also to my brothers and other family members for being so understanding and supportive.

To dear friends, thank you for all the assistance and guidance. I would extend my deepest appreciation for the words of encouragement. Thank you for providing me the relief and distractions that I sometimes needed in the process of completing this study. Thank you for keeping me on track on the occasions that I started getting sidelined. Words cannot express my gratitude for all your love and support.

Last but not least, my sincerest appreciation goes to my colleagues. The past year has been such a memorable experience. Meeting and befriending such warm and wonderful people as you both has been one of the highlights of my time in University Malaya. May God bless all of us.
