Fakulti Sains, Universiti Malaya  
50603 Kuala Lumpur

## **ABSTRACT**

This study seeks to form an understanding for the incorporation of Islamic values in Information and Communication Technology (ICT) development. ICT development is defined as the activities related to the creation and application of ICT for the purpose of meeting the needs of individuals, organisations, communities, nations and the society at large. The purpose of this study is set upon the backdrop of the need for Muslims ICT practitioners to offer a kind of ICT development that is not void of God-consciousness and Islam as the way of life. Even though previous works have been done on Islamic values and ICT related issues, for example privacy and cybercrime, the fundamental human activities of ICT, namely the communication process, information content creation, and technology shaping, have yet to be discussed in relation to efforts for incorporating Islamic values in ICT development. In other words, with regards to these three human activities, the main questions are what are the issues that needs to be looked into and how to address them in an Islamic manner. The 'how' in this case is treated more in the conceptual sense rather than methodological. Therefore this study approaches ICT development through the three human activities and identifies within the existing literature aspects that provide for the incorporation of Islamic values. For each activity, several points are proposed that reflect the issues that should be given attention and consideration in guiding the effort to incorporate Islamic values in ICT development.

In grounding the discussions of this study, a qualitative fieldwork study is conducted to explore the views of Malaysian ICT government officials on incorporating Islamic values in ICT development within the Malaysian context. Findings from this study exemplify issues that requires further studies on this matter.

At the end of this study, from what is presented in the discussions, a framework is proposed as a conceptualisation of the incorporation of Islamic values in ICT development. This framework can be used in guiding future studies on ICT and Islamic values. An example is given using the findings from the qualitative study. It is hoped that this study would initiate more efforts to develop information and communication technologies that are Islamicly sound and beneficial to humanity.

## **ABSTRAK**

Kajian ini bertujuan membentuk satu pemahaman berkenaan penggabungan nilai-nilai Islam dalam pembangunan teknologi maklumat dan komunikasi (TMK). Pembangunan teknologi maklumat dan komunikasi didefinisikan sebagai aktiviti-aktiviti yang berkaitan dengan penciptaan dan penggunaan TMK bagi tujuan memenuhi keperluan individu, organisasi, komuniti, negara dan masyarakat pada umumnya. Tujuan kajian ini adalah berdasarkan keperluan pengamal TMK Muslim menawarkan satu bentuk pembangunan TMK yang tidak kosong daripada hakikat kesedaran bertuhan dan Islam sebagai cara hidup. Walaupun kajian-kajian yang terdahulu ada menyentuh tentang nilai-nilai Islam dan isu-isu TMK, contohnya privasi dan jenayah siber, aktiviti-aktiviti asas manusia berkaitan TMK, iaitu proses komunikasi, penciptaan kandungan maklumat, dan pembentukan teknologi, masih belum pernah dibincangkan dari segi usaha-usaha penggabungan nilai-nilai Islam dalam pembangunan TMK. Dengan kata lain, persoalan utama di sini adalah apakah isu-isu yang berkaitan dengan ketiga-tiga aktiviti ini yang perlu diberi perhatian dan bagaimanakah menanganinya secara Islam. 'Bagaimana' dalam hal ini lebih merujuk kepada maksud dan bentuk yang konseptual berbanding bentuk yang bersifat metodologi atau kaedah. Oleh itu, kajian ini melihat kepada pembangunan TMK dari sudut ketiga-tiga aktiviti tersebut dan mengenalpasti menerusi kajian sedia ada, aspek-aspek yang memberi ruang kepada penggabungan nilai-nilai Islam dalam pembangunan TMK. Bagi setiap aktiviti, beberapa perkara dicadangkan yang menggambarkan isu-isu yang perlu diberi perhatian dan pertimbangan dalam memandu usaha-usaha menggabungkan nilai-nilai Islam dalam pembangunan TMK.

Bagi meletakkan perbincangan-perbincangan kajian ini pada suatu keadaan realiti, satu kajian lapangan yang bersifat kualitatif dijalankan bagi meneroka pandangan pegawai-pegawai TMK yang berkhidmat dalam kerajaan Malaysia berkenaan dengan penggabungan nilai-nilai Islam dalam pembangunan TMK dalam konteks Malaysia. Hasil dapatan daripada kajian lapangan ini menggambarkan isu-isu yang perlu kepada kajian yang lebih mendalam berkenaan dengan penggabungan nilai-nilai Islam dalam pembangunan TMK di Malaysia.

Di akhir kajian ini, berdasarkan apa yang diperbincangkan, satu rangka kerja dicadangkan sebagai satu konsepsualisasi penggabungan nilai-nilai Islam dalam pembangunan TMK. Rangka kerja ini dapat digunakan bagi memandu kajian-kajian di masa hadapan berkenaan TMK dan nilai-nilai Islam, di mana satu contoh diberikan berdasarkan dapatan kajian lapangan yang dijalankan. Adalah diharapkan kajian ini dapat mencetuskan lagi usaha-usaha untuk membangunkan TMK yang memenuhi ciri-ciri Islam dan bermanfaat kepada manusia sejagat.

## **ACKNOWLEDGEMENTS**

First and foremost, all praises are due to Allah, the Almighty Creator for His blessings that has enabled me to complete this study. Second, I wish to thank my parents, Dr. Haji Saidin Teh and Hajjah Nuraini Ibrahim, for emphasising Islamic teachings in my upbringing. I would also like to thank my father-in-law, Haji Abu Bakar Mohammad, for the support that he has given.

Special appreciation goes to my supervisor, Dr. Amran Muhammad from the Science and Technology Studies Department, University of Malaya (UM), for his invaluable guidance, assistance and encouragement along the way in many aspects related to my study. This study was undertaken with financial support from the Ministry of Higher Education of Malaysia and for this I wish to thank the Malaysian government and the people at the ministry's Scholarship Division. I am also indebted to my employer, the International Islamic University Malaysia (IIUM) for giving me the opportunity to further my studies at the doctorate level on full-time study leave. Some financial assistance was also obtained from UM for which I am grateful for.

Many individuals have rendered their support, either directly or indirectly, in the course of this study. For this I would like to thank Prof. Dr. Mohd. Adam Suhaimi, Dean of the Kulliyah of ICT, IIUM for his guidance and assistance during the many stages of this study, also past and present heads of the Department of Information System, IIUM for their assistance as well as colleagues at the department. Many thanks also goes to the Head of the Science and Technology Studies Department, UM and colleagues and staff at the department, as well as the officers and staff at the Management Service Department, IIUM and the Institute for Postgraduate Studies, UM. I am also deeply

indebted to the respondents from the various agencies who have agreed to be interviewed for this study.

Last but not least, my sincere appreciation and heartfelt gratitude goes to my beloved wife, Dr. Elistina Abu Bakar, who, in the midst of providing me with undying support, managed to complete her doctorate studies with excellent reviews and gave birth to our third child. To my dearest children, Afiqah, Erfan and Ersyad, the innocence in their eyes has provided me with the much needed motivation on many occasions. Also thanks goes to my siblings, especially my elder brother who was responsible for igniting my interest in computer technology at a rather young age.

May Allah reward us all with His blessings.

 <b>CHAPTER 1 INTRODUCTION</b>	 <b>1</b>
1.1 Overview and Definitions	1
1.1.1 Defining ICT	5
1.1.2 Human beings in ICT	7
1.1.3 ICT Development	8
1.1.4 Development and Islam	10
1.2 Statement of Problem	14
1.3 Objectives of the Research and Methodology	16
1.4 Significance of the Research	18
1.5 Organisation of the Thesis	19
 <b>CHAPTER 2 FUNDAMENTALS OF ISLAMIC VALUES FOR ICT</b>	 <b>22</b>
2.1 Introduction	22
2.2 The Importance of Islamic Values in Development of Science and Technology	22
2.3 <i>Tawhīd</i> (Islamic Belief) and the Position of Man as Foundations of Values in Islam	26
2.3.1 Meaning of <i>Tawhīd</i>	26
2.3.2 Man as Servant and <i>Khalīfah</i>	27
2.3.3 <i>Tawhīd</i> and the Development of Science and Technology	30
2.4 <i>Sharī'ah</i> (Islamic Law) as the Source of Value	32
2.4.1 Meaning of <i>Sharī'ah</i>	32
2.4.2 Characteristics of <i>Sharī'ah</i>	33
2.4.2.1 <i>Rabbāniyyah</i> (Divine origin)	34
2.4.2.2 <i>Ālamiyyah</i> (Universal)	34

2.4.2.3	<i>Shumūliyyah</i> (Comprehensive) with Balance Between the Material and Spiritual	35
2.4.2.4	<i>Akhlāqiyyah</i> (Ethics)	35
2.4.3	Aims of <i>Sharī'ah</i>	36
2.4.3.1	Meaning and Types of <i>Maṣlahah</i>	37
2.4.3.1.1	<i>Maṣlahah Mu'tabarah</i>	38
2.4.3.1.2	<i>Maṣlahah Mulghah</i>	38
2.4.3.1.3	<i>Maṣlahah Mursalah</i>	38
2.4.3.2	Determining <i>Maṣlahah</i> and <i>Mafsadah</i>	40
2.4.4	<i>Maqāṣid al-Sharī'ah</i> (Purposes of <i>Sharī'ah</i> ) and Values	43
2.4.4.1	<i>Al-Darūriyyāt</i>	44
2.4.4.2	<i>Al-Hājiyyāt</i>	44
2.4.4.3	<i>Al-Taḥsīniyyāt</i>	45
2.4.4.4	Contemporary Views on the Levels of the <i>Maqāṣid al-Sharī'ah</i>	45
2.4.4.5	<i>Sharī'ah</i> and Values	46
2.4.5	<i>Niyyah</i> (Intention) and <i>Sharī'ah</i>	49
2.4.6	<i>Maqāṣid al-Sharī'ah</i> and ICT	54
2.5	Islamic Principles for ICT	60
2.5.1	Bringing the Paradigm of <i>Tawḥīd</i> and Spirit of <i>Maqāṣid Sharī'ah</i> to ICT	62
2.6	Conclusion	67

### **CHAPTER 3 THE COMMUNICATION PROCESS AND PERSPECTIVES ON ISLAMIC COMMUNICATION 68**

3.1	Introduction	68
3.2	The Communication Process Models	69
3.2.1	The Mathematical Model of Communications	69
3.2.2	Schramm's Communication Model	72
3.2.3	The Transactional Model of Communication	73
3.2.4	The Helical Model of Communication	74
3.2.5	The Network Model	76
3.3	Perspectives on Islamic Communication	77
3.3.1	Background	77
3.3.2	Importance of Islamic Communication and Its Technology	79
3.3.3	Observations on Present Perspectives of Islamic Communication	81
3.3.4	Communication and <i>Da'wah</i>	86
3.4	Islamic Communication Models: Attempts by Muslim Scholars	90
3.4.1	Observations on the Models	98
3.5	Communication, Intention and <i>Niyyah</i>	100
3.6	Aims of Islamic Communication	105
3.7	Values in Islamic Communication	108
3.8	Conclusion	113

### **CHAPTER 4 INFORMATION: MEANING, VALUES AND ĀYĀT (SIGNS) IN THE QURĀN 114**

4.1	Introduction	114
4.2	On Defining Information	116

4.3	Information and Meaning	121
4.4	The Concept of Information and Issues for Islamic Consideration	124
4.4.1	Pragmatics as a Unifying Concept and Context Dependency	126
4.4.2	Information and the Recipient	128
4.4.3	Issues for Islamic Consideration	129
4.5	Information, Values and Context	130
4.6	A Perspective on Signs, Information and Technology	137
4.7	<i>Āyāt</i> (Signs) in the <i>Qurān</i> , Meaning and Context	140
4.7.1	Linguistic Meaning of <i>Āyāt</i> : Qurānic Verses as Signs	142
4.7.2	<i>Āyāt</i> as Signs: Phenomena of Creation	142
4.7.3	<i>Āyāt</i> as Signs: Historical Episodes	144
4.7.4	<i>Āyāt</i> as Guidance for Information Content Development	145
4.8	Conclusion	148

## **CHAPTER 5    TECHNOLOGY AND HUMANS: FORMING AN ISLAMIC PERSPECTIVE FOR THE SHAPING OF TECHNOLOGY AND ICT** **150**

5.1	Introduction	150
5.2	Defining Technology	151
5.3	Technology and Neutrality	153
5.4	Technology and Effects on Man	156
5.4.1	Technology and Man's Reality	157
5.4.2	Technology, Capability and Quality of Life	159
5.4.3	Technological Dependency	161
5.4.4	Effects of ICT: Some Instances	163
5.4.5	Facing the Effects	164
5.5	Technological Determinism and Social Shaping of Technology	166
5.5.1	Approaches in Shaping Technology	169
5.5.1.1	Social Construction of Technology	169
5.5.1.2	Systems Approach	170
5.5.1.3	Actor-Network Theory	171
5.5.1.4	Neo-Marxist Approach	172
5.5.1.5	Consumption Approach	173
5.5.2	A Simple Model of Technology Shaping and Effects	174
5.6	ICT and Society	176
5.7	Technology and Meaning	180
5.8	An Islamic Shaping of Technology	183
5.8.1	The Position of the Designer	188
5.9	Conclusion	190

## **CHAPTER 6    PERSPECTIVES OF GOVERNMENT OFFICIALS ON ISLAMIC VALUES AND ICT DEVELOPMENT IN MALAYSIA** **192**

6.1	Introduction	192
6.2	Overview of Major Developments in ICT in Malaysia	193
6.2.1	Brief History of ICT Development in Malaysia	193
6.2.2	MSC Malaysia	197
6.2.3	National IT Council and National IT Agenda	203

6.3	Islamic Development Initiatives	207
6.3.1	The Inculcation of Islamic Values in Administration Policy	207
6.3.2	The 'Islam Hadhari' Approach	209
6.4	Issues on Islamic Values in Malaysian ICT Development Policies and Programmes: A Study of the Perspectives of Malaysian Public Sector ICT Officials	213
6.4.1	Background, Purpose and Scope of the Fieldwork Study	213
6.4.2	Research Methodology	217
6.4.2.1	Sampling	221
6.4.2.2	Fieldwork Activities	225
6.4.3	Analysis	227
6.4.3.1	Data Reduction	228
6.4.4	Findings and Discussion	233
6.4.4.1	Universality of Islamic Values	233
6.4.4.2	Position and Role of Policies in Incorporating Values	235
6.4.4.3	Maintaining the Values	239
6.4.5	Limitation of Fieldwork Study	246
6.5	Conclusion	247

## **CHAPTER 7 CONCLUSION AND RECOMMENDATIONS 249**

7.1	Introduction	249
7.2	Summary of Thesis	249
7.3	A Proposed Framework for Islamic Values in ICT Development	253
7.4	Contribution of The Study	258
7.5	Recommendations for Future Research and Conclusion	260

## **APPENDICES**
