

APPENDICES

Appendix 1

Morphological Comparison of *Amorphophallus* spp. Found.

Table Ai: Morphological comparison of *Amorphophallus* spp. found

Species	Corm				Leaf				
	Shape	Color	Diameter	Surface	Shape	Color	Diameter	Surface	Height
<i>A.paeoniifolius</i>	depressed -globose	dark brown, inside light brown	28cm	many rootscars	solitary, leaflets rounded ovate, acuminate	pale green to dark green with spots	1-7cm	Corrugate to strongly echinate-verrucate	10-200cm
<i>A.prainii</i>	depressed globose	dark brown, orangish inside	7cm	rotscars annuliform	solitary, occasionally paired,leaflets elongate elliptic	whitish, greenish or reddish brown with green spots	0.5-10 cm	smooth	10-210cm
<i>A.elegans</i>	Globose ,sub-globose	brown	5-10cm	few rootscars	solitary, leaflets elongate elliptic	mid green with shades of dark green with grey spots	1-3cm	smooth but slightly rugulose at the base with large and small white spots	10-100cm

<i>A.oncophyllum</i> syn. <i>muellerii</i>	globose, depressed globose	dark brown, dull yellow inside	5-15cm	smooth, few rootscars	solitary,someti mes two	olive green,green with numerous spots	1-4cm	smooth	10- 70cm
<i>A.elatus</i> syn. <i>variabilis</i>	elongate	Dirty whitish	4 cm	smooth	solitary, leaflets oblong-elliptic	uniformly pale green, with many blackish green spots	3.5-8 cm	smooth	50-100 cm
<i>A.bufo</i>	globose	light brown	5cm	few rootscars	solitary	grey- greenish,dark reddish brown in several shades	3cm	smooth with rounded white spots	8-55cm

Species	Inflorescence				Fruit	
	Peduncle	Color	Spathe	Spadix	Shape	Color
<i>A.paeoniifolius</i>	Short	dark maroon outside, pale yellow inside	broad	Longer than spathe	elongate-ellipsoid	green, red when ripe
<i>A.prainii</i>	Short	pale white	broadly ovate	longer than spathe	elongate-ellipsoid	ripening red or orange red
<i>A.elegans</i>	Long	reddish-brown	elongate triangular	longer than spathe	unknown	unknown
<i>A.oncophyllus</i> syn. <i>muellerii</i>	Long	pale green outside, bright pale green inside	broad	longer thn spathe	unknown	unknown
<i>A.elatus</i> syn. <i>variabilis</i>	Long	pale green or pale dirty pinkish	ovate triangular	longer thn spathe	unknown	unknown
<i>A.bufo</i>	Long	reddish purple	narrowed towards the base	shorter than spathe	unknown	unknown
