

ACKNOWLEDGEMENT

I wish to express my sincere gratitude to Dr. Krishnamoorthy Karunakaran for his willingness to be my supervisor during the course of the study. I am also very grateful for his support and empathy that had given me the motivation and courage to persevere in times of difficulties. His sincerity in helping me throughout the study has made my work easier and manageable. Also, I am thankful for his dedication and willingness in sharing his knowledge and experience during the period of completing this study. His help, advice, guidance and ideas pertaining to the area of this work have made everything possible.

Also, I would like to thank the people who have been my backbone throughout the entire process of completing this research report. Firstly, million thanks to my family, especially my father and mother, who have been supporting me since day one and helped me to keep my body and soul together. My sincere appreciation also goes out to my fiancé, for having faith in me and encouraging me to keep going. I really think this work is impossible without the help and love from those people that I have mentioned. Last but not least, I would like to dedicate this work to my beloved father, mother, sister and fiancé whom I love dearly.
