

ACKNOWLEDGEMENTS

I would like to thank my advisor, Prof. Dr. Tan Guan Huat for his guidance and support. Special thanks to Assoc. Prof. Dr. Khairul Osman, Head of Forensic Science Programme, Faculty of Health Science, National University of Malaysia, Kuala Lumpur Campus for his time, patience, understanding, guidance, support, helpful comments and suggestions on all stages of this project. Dr. Khairul, thanks for your advice and acting as a mentor to me.

I want to thank, UKM KL for funding and providing a laboratory to make this study happen. I wish to express my appreciation to all the individuals who volunteered their participation in this project especially Balkis and Aziz. Thanks for helping me run the experiment, your assistance was priceless.

The most special thanks to all those whose support and friendship help me to stay focus on this project and who have provided me with the encouragement to continue when the going got tough.
