| 1.5                                | Hypotheses                                    | 8    |
|                                    |   |      |
|                                    |   |      |
| CHAPTER                            | 2 LITERATURE REVIEW                           |      |
| 2.1                                | Municipal Solid Waste Generation in Malaysia  | 9    |
| 2.2                                | Municipal Solid Waste Composition in Malaysia | 11   |
| 2.3                                | Municipal Solid Waste Management in Malaysia  | 13   |
| 2.4                                | Composting                                    | 16   |
|                                    | 2.4.1 Composting Process                      | 16   |
|                                    | 2.4.2 Types of Composting                     | 17   |
|                                    |   |      |

|     | 2.4.3  | Benefits of Composting                           | 18 |
|-----|--------|--|----|
|     | 2.4.4  | CDM Composting Project in Malaysia               | 19 |
|     | 2.4.5  | GHG Emission from Composting                     | 21 |
| 2.5 | Landf  | illing   | 23 |
|     | 2.5.1  | Landfill Gas Generation                          | 23 |
|     | 2.5.2  | Landfill Gas Composition                         | 26 |
|     | 2.5.3  | Landfill CH <sub>4</sub> Emission                | 27 |
|     | 2.5.4  | Calculation of GHG Emission from Landfills       | 28 |
| 2.6 | Interg | overnmental Panel on Climate Change (IPCC),      |    |
|     | United | d Nations Framework Convention on Climate Change |    |
|     | (UNF   | CCC) and Kyoto Protocol                          | 32 |
|     | 2.6.1  | Loophole of Kyoto Protocol                       | 37 |
|     | 2.6.2  | Post-Kyoto Era                                   | 39 |
|     | 2.6.3  | Clean Development Mechanism (CDM)                | 39 |
| 2.7 | Globa  | l Carbon Market                                  | 41 |
|     | 2.7.1  | Carbon Offset Standards and Carbon Credits       | 41 |
|     | 2.7.2  | Types of Global Carbon Market                    | 42 |
|     |        | (a) Regulatory Carbon Market                     | 43 |
|     |        | (b) Voluntary Carbon Market                      | 45 |
|     | 2.7.3  | Current Global Carbon Market Trend and Post 2012 |    |
|     |        | Global Carbon Market                             | 45 |
| 2.8 | Potent | tial of Carbon Trading and CDM in Malaysia       | 46 |

## **CHAPTER 3** METHODOLOGY

| 3.     | 1    | Introduction   | 52 |
|--------|------|--|----|
| 3.     | 2    | Project Boundary   | 53 |
|        |      | 3.2.1 Description of the Project Activity                                    | 56 |
|        |      | 3.2.2 Emission Sources Included and Excluded from Baseline and               |    |
|        |      | Project Activity   | 58 |
| 3.     | 3    | Data Collection  | 59 |
| 3.     | 4    | Explanation of Methodological Choices  | 61 |
|        |      | 3.4.1 Baseline Emissions   | 61 |
|        |      | 3.4.2 Project Emissions  | 65 |
|        |      | $3.4.2.1$ Emissions from incremental transport distances, $PE_{y,transp}$    | 66 |
|        |      | 3.4.2.2 Emissions from power consumption, PE <sub>y, power</sub>             | 67 |
|        |      | 3.4.2.3 Emissions from physical leakage, PE <sub>y,phy leakage</sub>         | 68 |
|        |      | 3.4.2.4 Emissions from composting, PE <sub>y,comp</sub>                      | 69 |
|        |      | 3.4.2.5 Emissions from runoff, PE <sub>y,runoff</sub>                        | 70 |
|        |      | 3.4.2.6 Emissions from residual waste, PE <sub>y,res waste</sub>             | 71 |
|        |      | 3.4.3 Emissions Reduction  | 71 |
|        |      |  |    |
|        |      |  |    |
| СНАРТІ | ER 4 | RESULTS AND DISCUSSION   |    |
| 4.     | 1    | MSW Compositions   | 73 |
| 4.     | 2    | Estimation of Baseline Emissions   | 77 |
| 4.     | 3    | Estimation of Project Emissions  | 86 |
|        |      | 4.3.1 Emissions from incremental transport distances, PE <sub>y,transp</sub> | 86 |
|        |      | 4.3.2 Emissions from power consumption, PE <sub>y, power</sub>               | 90 |
|        |      |  | X  |

|     | (a) Emissions from diesel on-site consumption, PE <sub>y, diesel on-site</sub> | 91        |
|-----|--|-----------|
|     | (b) Emissions from electricity consumption, PE <sub>y, electricity</sub>       | 95        |
|     | 4.3.3 Emissions from physical leakage, PE <sub>y,phy leakage</sub>             | 95        |
|     | 4.3.4 Emissions from composting, PE <sub>y,comp</sub>                          | 95        |
|     | 4.3.5 Emissions from runoff, PE <sub>y,runoff</sub>                            | 96        |
|     | 4.3.6 Emissions from residual waste, PE <sub>y,res waste</sub>                 | 96        |
|     | 4.3.7 Total project emissions  | 96        |
| 4.4 | Estimation of Emissions Reduction  | 98        |
| 4.5 | Project Financial Assessment in Regulated Market (Primary CDM)                 | 97        |
|     | 4.5.1 Income   | 100       |
|     | (a) Certified Emission Reductions (CERs) Sale                                  | 100       |
|     | (b) MSW Compost Sale   | 101       |
|     | (c) Total Income in 10 Years   | 102       |
|     | 4.5.2 Cost   | 102       |
|     | (a) Initial Capital Investment, Operation and Maintenance Cost                 | 102       |
|     | (b) Small-Scale CDM Registration Cost  | 103       |
|     | (c) Total Cost in 10 Years   | 104       |
|     | 4.5.3 Profit/ Loss   | 105       |
| 4.6 | Project Financial Assessment in Voluntary Market                               | 105       |
|     | 4.6.1 Income   | 106       |
|     | (a) Carbon Credits Sale  | 106       |
|     | (b) MSW Compost Sale   | 106       |
|     | (c) Total Income in 10 Years   | 106       |
|     | 4.6.2 Cost   | 107       |
|     | (a) Initial Capital Investment, Operation and Maintenance Cost                 | 107<br>xi |

|            | (b) Small-Scale CDM Registration Cost | 107 |
|------------|---------------------------------------|-----|
|            | (c) Total Cost in 10 Years            | 108 |
|            | 4.6.3 Profit/ Loss                    | 109 |
| 4.7        | General Discussion                    | 109 |
|            |                                       |     |
| CHAPTER 5  | CONCLUSION                            | 114 |
|            |                                       |     |
|            |                                       |     |
| References |                                       | 116 |
