

## ACKNOWLEDGEMENT

My sincere gratitude goes to my supervisor Professor Dr. P. Agamuthu who has guided me patiently throughout the research. He always gives me fast response and valuable comments on my research.

I also thank University of Malaya for funding RM10,000.00 to this research through Postgraduate Research Fund (PPP).

I am also thankful to KUB-Berjaya Enviro Sdn Bhd, the operator of Bukit Tagar Sanitary Landfill for providing me some details about the landfill. Besides that, thanks Mr Naathan, the person in-charge of Kota Kinabalu Composting Plant for giving me details of the composting plant.

Last but not least, I thank my family and friends for their support and patience.
