

ACKNOWLEDGEMENTS

First of all, I would like to take this opportunity to express my sincere gratitudes to both supervisors, **Associate Professor Dr. Durriyyah Sharifah Hasan Adli** (Division of Biohealth Science, Institute of Biology, Faculty of Science) and **Professor Dr. Kamaruddin Mohd Yusoff** (Department of Molecular Medicine, Faculty of Medicine). My heart felt thanks for their guidance and encouragement throughout my study.

Besides that, I would also like to take this opportunity to express my gratitude to **Professor Dr. Mahmood Ameen Abdulla** (Department of Molecular Medicine, Faculty of Medicine) for his advice, guidance and helps in my animal study and also histological works. Thanks also to **Madam Puah Lin Eng** for giving me guidance in the histological work done in Micro-techniques Laboratory throughout my study. I am grateful to all my friends in **Honey Research Lab** (Department of Molecular Medicine, Faculty of Medicine) and **NeuroRG** (Institute of Biology, Faculty of Science) for helping me throughout my study. Thanks for your advice and encouragements during the process to finish this study. Thanks to **Mr. Pouya Hassandarvish** for helping me a lot in animal work through this study and **Mr Mohd Amzari Tumiran** in consultancy of SPSS. My appreciation also goes to all staff members in Animal House, Faculty of Medicine and Institute of Biology, Faculty of Science for all their assistance in throughout my study. In addition, I also wish to take this opportunity to express my sincere gratitude to all parties which had helped financed my study: **University Malaya Research Grant PPP (PS280/2009B)** and **UMRG (RG081/2009A)**; Kementerian Sains, Teknologi Dan Inovasi Malaysia (MOSTI) for my **National Science Fellowship (NSF)** awarded to me (NSF(P)2/99).

Last but not least, I would like to thank my ever supportive parents, my family members, and also friends for being always there for me with their encouragement throughout this study. Thanks you very much for the love and care. Without them, I might have given up in the middle of study.

Thanks again to all of them that help me through my up and down. This research would not be a success without all of the above mentioned. Thanks again!!!

Sincerely,

Tan Mui Koon
