

**LIST OF TABLES**

Table 1: Bacteria capable of degrading various plant residues in soil.....	4
Table 2: Colony morphology surface appearance of soil bacteria.....	40
Table 3: Staining characteristics of soil bacteria.....	43
Table 4: Bacterial cell wall differentiation of soil bacteria.....	45
Table 5: Preliminary biosurfactant screening from IMO4 agricultural soil.....	50
Table 6: Antibiotic sensitivity test of soil bacterial isolates.....	53
Table 7: Antibiotic susceptibility of the bacterial isolates.....	57
Table 8: Antibiotic resistance, sensitivity and the antibiogram of bacterial.....	58
isolates from formulated soil level IMO4
