

## **CONTENTS**

<b>Abstract</b>	<b>ii</b>
<b>Abstrak</b>	<b>iv</b>
<b>Acknowledgement</b>	<b>vi</b>
<b>Contents</b>	<b>vii</b>
<b>List of Figures</b>	<b>xi</b>
<b>List of Tables</b>	<b>xiii</b>
<b>List of Symbols and Abbreviations</b>	<b>xiv</b>
 <b>CHAPTER 1.0 : INTRODUCTION</b>	
1.0 Introduction	1
1.1 Background Study	2
1.2 Problem statement	3
1.3 Overview of Extended Producer Responsibility	5
1.4 Overview on e-waste	7
1.5 Take-back programme	9
1.6 Scope and Research Objectives	9
 <b>CHAPTER 2: LITERATURE REVIEW</b>	
2.0 Introduction to Extended Producer Responsibility (EPR)	11
2.1 Concept of EPR	11
2.1.1 Types of responsibility	12
2.1.2 EPR as a policy approach	15
2.1.3 Different Approaches Towards EPR	17
i) Mandatory Approach	17
ii) Voluntary Approach	18
2.2 Benefits of EPR	19
2.3 Challenges of EPR	21
	vii

2.4	EPR and E-waste	23
2.5	EPR in Asia	25
2.5.1	Japan	26
2.5.2	Taiwan	28
2.5.3	China	29
2.6	EPR in Developing countries	31
2.7	Introduction on e-waste	33
2.7.1	Categories of e-waste	35
2.7.2	Global generation of e-waste	36
2.8	E-waste management	38
2.8.1	Storage	38
2.8.2	Landfill	39
2.8.3	Incineration	40
2.8.4	Donation and Reuse	41
2.8.5	Recycling and Resource Recovery	41
2.9	E-waste Collection System	42
2.10	Effective e-waste management system	43
2.11	Take-back scheme	44
2.12	Environmental contaminants associated with e-waste	46
2.13	Environmental and public health impacts associated with e-wastes	50
2.13.1	Disposal	50
2.13.2	Recycling	50
2.13.3	Storage of e-waste	51
2.14	E-waste management in Developing countries	51
2.15	E-waste recycling in Japan	52

2.16	E-waste recycling in Taiwan	54
2.17	E-waste recycling in Korea	58
<b>CHAPTER 3: MATERIALS AND METHODS</b>		
3.0	Introduction	62
3.1	Literature Review	62
3.2	Identification of Stakeholders	62
3.3	Company survey through interview session	63
3.4	Questionnaire/survey with the public	65
3.5	Analysis and Interpretation	66
3.6	Flow Chart of Company and Public survey	67
<b>CHAPTER 4: RESULTS AND DISCUSSION</b>		
4.0	Public survey	68
4.1	Knowledge and Awareness on EPR	70
4.2	Knowledge and Awareness on Take-back Programme	75
4.3	Suggestions to Increase Awareness Level on EPR and Take-back programme	83
4.4	Company survey	85
4.5	Company Profile	87
4.5.1	Company A	87
4.5.2	Customer satisfaction and Loyalty in influencing Adoption of EPR in Company A	88
4.5.3	Company B	90
4.5.4	Take-back in influencing Adoption of EPR in Company B	91
4.5.5	Company C	93
4.5.6	Costs savings in influencing Adoption of EPR in Company C	94
4.5.7	Company D	95

4.5.8	Costs savings in influencing Adoption of EPR in Company D	96
4.5.9	Company E	98
4.5.10	Green Marketing in influencing Adoption of EPR in Company E	99
4.5.11	Company F	100
4.5.12	Environmental Stewardship in influencing Adoption of EPR in Company F	101
4.5.13	Company G	103
4.5.14	Customer satisfaction and loyalty in influencing Adoption of EPR in Company G	104
4.5.15	Company H	106
4.5.16	Green marketing in influencing Adoption of EPR in Company H	106
4.5.17	Company I	108
4.5.18	Take-back in influencing Adoption of EPR in Company I	109
4.5.19	Company J	110
4.5.20	Customer satisfaction and loyalty in influencing Adoption of EPR in Company J	111
4.6	Comparative Analysis Among Companies	113
4.7	General Discussion	123
<b>CHAPTER5 : CONCLUSION AND RECOMMENDATIONS</b>		
5.0	Conclusion	128
5.1	Recommendations	129
<b>References</b>		131

## LIST OF FIGURES

Figure 2.1	Model for Types of Producer Responsibility	13
Figure 2.2	Evaluation of the voluntary product take-back programme	46
Figure 2.3	Material Fraction in e-waste	48
Figure 2.4	Asian e-waste traffic	49
Figure 2.5	General Flow of Used computers from Households in Japan	54
Figure 2.6	General Flow of E-waste in Taiwan	57
Figure 2.7	Collection system of e-waste in Korea	59
Diagram 1	Process flow of the study	67
Figure 4.1	Public's Knowledge and Awareness on EPR	70
Figure 4.2	Knowledge on EPR based on Gender	71
Figure 4.3	Knowledge on EPR based on age	72
Figure 4.4	Knowledge on EPR based on Education level	73
Figure 4.5	Knowledge on EPR based on Malaysian races	73
Figure 4.6	Knowledge on EPR based on occupation level	75
Figure 4.7	Knowledge on EPR based on monthly income level	75
Figure 4.8	Knowledge on Take-back Programme	76
Figure 4.9	Public's Knowledge on Take-back based on gender	76
Figure 4.10	Public's Knowledge on Take-back based on age	77
Figure 4.11	Knowledge on Take-back programme based on Malaysian race	78
Figure 4.12	Knowledge on Take-back programme based on Education level	78
Figure 4.13	Knowledge on Take-back programme based on Occupation level	79
Figure 4.14	Knowledge on Take-back programme based on Monthly income	79
Figure 4.15	Frequency of e-waste discarded by public	82
Figure 4.16	Different ways of discarding e-wastes by public	82

Figure 4.17	Favoured method to increase awareness level on EPR	84
Figure 4.18	Favoured method to promote Take-back programme	84
Figure 4.19	Factors encouraging Adoption of EPR in Company A	89
Figure 4.20	Factors encouraging Adoption of EPR in Company B	93
Figure 4.21	Factors encouraging Adoption of EPR in Company C	95
Figure 4.22	Factors encouraging Adoption of EPR in Company D	98
Figure 4.23	Factors encouraging Adoption of EPR in Company E	100
Figure 4.24	Factors encouraging Adoption of EPR in Company F	103
Figure 4.25	Factors encouraging Adoption of EPR in Company G	105
Figure 4.26	Factors encouraging Adoption of EPR in Company H	108
Figure 4.27	Factors encouraging Adoption of EPR in Company I	110
Figure 4.28	Factors encouraging Adoption of EPR in Company J	113
Figure 4.29	Company's priority towards Environmental Stewardship	115
Figure 4.30	Company's Priority towards Product innovation	117
Figure 4.31	Company's priority towards Take-back	118
Figure 4.32	Company's Priority towards Green Marketing	120
Figure 4.33	Company's Priority towards Costs savings	121
Figure 4.34	Company's Priority towards Customer's Satisfaction & Loyalty	123

## LIST OF TABLES

Table 1	Examples of e-wastes	7
Table 2.1	Policy instruments for the EPR based policy	14
Table 2.2	Estimated lifespan and weight of electrical and electronic equipment (EEE)	35
Table 2.3	The main categories of e-wastes as defined by the European Union's Revised WEEE Directive	37
Table 2.4	Generation of e-wastes	38
Table 4.1	Respondents Demography	69
Table 4.2	Factors encouraging the adoption of EPR	86

## LIST OF SYMBOLS AND ABBREVIATIONS

<b>AHP</b>	<b>Analytical Hierarchy Process</b>
<b>ARF</b>	<b>Advance recovery fee</b>
<b>CRTs</b>	<b>Cathode Ray tube</b>
<b>CTR</b>	<b>Computing Tabulating Recording Company</b>
<b>DfE</b>	<b>Design for Environment (DfE)</b>
<b>EBMO</b>	<b>Environmental Business Management Organisation</b>
<b>ECP</b>	<b>Environmentally Conscious Products</b>
<b>EEE</b>	<b>Electrical and electronic equipment</b>
<b>EMS</b>	<b>Environmental Management System</b>
<b>EPR</b>	<b>Extended producer Responsibility</b>
<b>EoL</b>	<b>End-of-life</b>
<b>ICT</b>	<b>Information Technology Industry</b>
<b>LCD</b>	<b>Liquid Crystal Display</b>
<b>LPUR</b>	<b>Law for Promotion of Effective Utilization of Resources</b>
<b>LRHA</b>	<b>Law for Recycling of Specific Kinds of Home Appliances</b>
<b>MSW</b>	<b>Municipal solid waste</b>
<b>PBDEs</b>	<b>Polybrominated Diphenyl Ethers</b>
<b>PCBs</b>	<b>Polychlorinated Biphenyls</b>
<b>PVC</b>	<b>Polyvinyl chloride</b>
<b>SME</b>	<b>Small and Medium Enterprises</b>
<b>SPSS</b>	<b>Statistical Package for the Social Sciences</b>
<b>TCLP</b>	<b>Toxicity Characteristic Leaching Procedure</b>
<b>TBOO</b>	<b>Take-back Operations Organisation</b>
<b>VOC</b>	<b>Voice of Customers</b>
<b>WEEE</b>	<b>Waste of Electrical Electronic Equipment</b>
