

ACKNOWLEDGEMENT

I would like to acknowledge the Ministry of Science, Technology and Innovation, Malaysia for funding through eScienceFund and National Science Scholarship that supported my study. In addition, I would like to acknowledge the Ministry of Higher Education for funding via Long-term Research Grant Scheme. I would like to thank Universiti Malaya and Universiti Teknologi MARA for providing the facilities and equipment I have needed to produce and complete my thesis as well as have funded my studies through internal grants of Postgraduate Research Grant and Excellence Fund – Vice Chancellor Special Project for Strategic Alliance with Top Notch Research Centre and Top Notch Researchers, respectively.

I would like to express my sincere and greatest gratitude to both of my supervisors, Dr. Ghufran Redzwan and Prof. Sr. Ir. Dr. Suhaimi Abdul Talib for their continuous support of my study and research, for their guidance, patience, motivation, enthusiasm and immense knowledge. Thank you for the guidance and sharing time with me that helped me in all the time of research and writing of thesis. I could not have imagined having a better advisor and mentor for my study.

To Prof. Dr. Mohd Nasir Taib who has willingly devoted time in giving me guidance in ANN modeling, a big thank to you. Special thanks to Prof. Dr. Kay Saalwächter and Dr. Detlef Reichert from Department of Physics, Faculty of Science II/Biophysics Group, Martin Luther University Halle-Wittenberg, for offering me the three months internship opportunity in their group and guiding me on ^{13}C solid state nuclear magnetic resonance for characterisation study. In particularly, I am grateful to Dr. Chan Chin Han, Dr. Sim

Lay Har and Dr. Lim Chee Siong for enlightening me in the area of characterisation research.

I also would like to thank my fellow lab mates and friends, especially to *myBioREC* research group members for the stimulating discussions, working together for deadlines and for all the fun we have had in last few years along this journey. Last but not the least; I would like to thank my family for supporting me spiritually through my life.
