

ACKNOWLEDGEMENTS

Alhamdulillah, in the name of Allah, upon completion of this research project, firstly I would like to express my gratitude to Him for giving me the strength and opportunity to finish my research project successfully.

Secondly I would like to express my deepest appreciation and a million of thanks to my respected supervisor Associate Prof. Dr. Nor Kartini Abu Bakar for her guidance throughout the completion of this research project.

My deepest appreciation also goes to my mother Zarina Sidek for your prayers and support. Special thanks to my husband Mohd Ezanni Abdul Razak and our beloved daughter Nuraini Mohd Ezanni for their understanding, patience, prayers and encouragement during my study in University of Malaya. I also would to thanks, all research students at Analytical Laboratory of Chemistry Department especially Ms Fairuz Liyana for their help and assistance. Also thanks to Mr Fateh, the Science Officer who is responsible for Flame Atomic Absorption Spectrometry.

Finally, thanks to my entire course mate for helping me directly and indirectly. May Allah bless us. Thank you.
