

List of Tables

Chapter 1		Page
Table 1.1	Classification of surfactants and their characteristics.....	9
Table 1.2	A general correlation between the geometrical rule of molecular packing parameters and the expected aggregate structures.....	16
Chapter 2		
Table 2.1	Composition of the four different sets of emulsions.....	35
Chapter 3		
Table 3.1	Droplet size of the four different sets of emulsions.....	54
Table 3.2	Water solubility test for sucrose esters.....	55
Table 3.3	Zeta potential of the four different sets of emulsions (mV).....	58
