

List of Tables:

Table 3.1: Temperature applied for both ternary mixtures	26
Table 4.1: Molecular weight, density and viscosity values for both protic ionic liquids ...	31
Table 4.2: Proton Nuclear Magnetic Resonance (^1H NMR) of neat bis-(2-ethylhexyl)ammonium tosylate	33
Table 4.3: Proton Nuclear Magnetic Resonance (^1H NMR) of neat tris-(2-ethylhexyl)ammonium tosylate	33
Table 4.4: Electro mass spectra values for both neat protic ionic liquids	35
Table 4.5: Composition of BEHA tosylate/ water/ isopropanol and BEHA tosylate/ water/ isopropanol	36
Table 4.6: Calculation and classification of Proton Nuclear Magnetic Resonance (^1H NMR) spectral data for all samples analyzed	48
Table 4.7: Compositions of the phases in bis-(2-ethylhexyl)ammonium tosylate/ water/ isopropyl alcohol system	54
Table 4.8: Compositions of the phases in tris-(2-ethylhexyl)ammonium tosylate/ water/ isopropyl alcohol system	57
