Chapter	List of Topics	Page
Chapter 1	Introduction	1
Chapter 2	Literature Review	5
Chapter 3	Property Sector in Malaysia	10
3.0	Introduction	10
3.1	Industry Structure	10
3.2	A Brief History (1957 – 1997)	12
3.3	Property Bubble Burst in 1997	15
Chapter 4	Methodology	20
4.0	Introduction	20
4.1	Data Set	20
4.2	Univariate Logistic Regression	21
4.3	The Multivariate Logit Model	22
Chapter 5	Empirical Results	23
5.0	Introduction	23
5.1	Descriptive Statistics	23
5.2	Univariate Logistic Regression	26
5.3	The Multivariate Logit Model	28
5.4	Testing The Accuracy of The Model	32

Chapter 6	Conclusion	34
	Bibliography	37
	Appendices	
A	Financial ratios found to be useful in previous bankruptcy prediction studies	40
B	List of sample - Public companies involved in property development from 1995-1998	42
	List of Tables	
1.1	Exposure of Banks to Various Sectors in 1998	3
3.1	Property Overhang By Sector	17
5.1	Median Comparison of Financial Ratios from (1995-1997)	24
5.2	Summary of 3-year Average Growth of Financial Ratios (1995-1997)	25
5.3	Non-financial Descriptive Statistics	25
5.4	Variables Tested Under Univariate Logistic Regression and The Expected Sign of Coefficient	26
5.5	Summary of Univariate Logistic Regression	28
5.6	Summary of Multivariate Logistic Analysis	30
	Figures	
3.1	Age Profile of Malaysian Population	11

3.2	Price Movement of 2-Storey Terrace Houses In The Klang Valley (1960-2002)	14
3.3	Malaysia House Price Index (1988-2000)	14
3.4	Average Rental of Office Space In Kuala Lumpur (1965-1999)	15
