Sir,

RESETTLEMENT AREAS - KUALA LUMPUR

I have the honour to inform you that certain administrative measures for the Municipal Council to take over entirely the administration of these areas have been agreed with the District Officer. These areas are:-

- (a) Kampong Dato Kramat
- (b) Kampong Ulu Klang
- (c) Kampong Pandan, and
- (d) Ayer Panas Area.

2. These areas have been recently settled because of the special needs of Government and it is considered that they should now be made an integral part of the Municipal Area and, on their part, should comply with the requirements of the law and receive in return such services as are provided by the Municipal Council in the Town.

3. The position so far as regards the administration of these areas by the Municipal Council as agreed with the District Officer is as follows:-

- (i) That the target date for complete take over should be 1.1.57.
- (ii) It has been agreed that the Council should charge fees, take over the administration of the two markets in Ulu Klang and Ayer Panas from 1.8.56 and it is now requested that these properties should vest in the Council w.e.f. 1.8.56.
- (iii) That the approval of street plans, layouts and building plans should be assumed by the Council with effect from 1.8.56 in order to ensure that development is in accordance with the building law and the town planning layouts.
- (iv) Assessment of properties should commence with effect from 1.1.57.
- (v) Streets. It is estimated that approximately 22 miles of street are involved. The taking over of the streets by the Council presents the most difficult problem of all, briefly, because the Council is precluded by law from taking over streets unless they are constructed to the Council's specifications as prescribed.

Replies should be Addressed to the
Municipal Engineer and not to individuals.

P.M.C.,

Please see the minute of the Municipal Engineer dated 10th May in this paper. I give below an interim report on roadworks required in the various resettlement areas in Kuala Lumpur.

INTERIM REPORT

The resettlement areas with which the Municipal Council are likely to be concerned are :-

Kampong Datoh Kramat,
Kampong Ulu Klang,
Kampong Pandan, and
Ayer Panas Area.

Of the above, details are only available in respect of the first two and estimates are attached showing the approximate costs for :-

- (a) resurfacing the existing laterite carriageways in the areas, and
- (b) for improving the carriageways to the standards required by the Municipal Council for Private Street Works, and surface them with asphalt.

The position in each case is as follows :-

1. Kampong Datoh Kramat

The main access and certain internal roads have been constructed in laterite with concrete side drains. The streets are defined adequately by the drains and carriageways are 16 ft. wide. In estimating for improvements I have allowed for the widening of the carriageways of the main access to 22 ft. and the carriageways of the other roads to 18 ft.

The main access to this village joins Gurney Road by means of a Private Street and it will be necessary to make up and take over this street under the Council's normal Private Street Works procedure before any question of declaring the remainder of the streets in Kg. Datoh Kramat as Public Streets can be entertained.

...2/-

In the case of the streets in the Resettlement Areas, I think it can be said generally that, with few exceptions, the street reserves are sufficient, the base course of the streets and the drains have been constructed satisfactorily but there remains the very important task of macadamising the roads now. This is becoming more and more urgent as unless the road surfaces are sealed, they will commence to deteriorate which would be a pity in view of the great cost and great effort involved in constructing them to the present extent. There is also the question of installing street lighting.

4. I attach a copy of an interim report by the Municipal Engineer as regards the position of the roads in the Resettlement Areas, together with an estimate of the cost of making up the roads in Ulu Klang and Kampong Dato Kramat to Municipal standards.

5. I feel sure that you will agree that it is important that the hand-over of the administration of these areas to the Municipal Council is one that should be formally approved both by the State Government and by the Municipal Council so that there will be no possibility in future that doubts will arise as to the responsibility of either authority or as regards the vesting of properties and future responsibilities.

6. I would, therefore, propose that a meeting be convened by you at which the following officers should be present:-

- (i) State Financial Officer, Selangor.
- (ii) District Officer, Kuala Lumpur.
- (iii) State Engineer, Selangor.
- (iv) President, Municipal Council, Kuala Lumpur.
- (v) Municipal Engineer, Kuala Lumpur.
- (vi) Municipal Treasurer, Kuala Lumpur.

in order to agree on the handing over arrangements, the vesting of property involved and particularly the taking over of the roads as public streets by the Council.

I have the honour to be,
Sir,
Your obedient servant,

President,
Municipal Council,
Kuala Lumpur.

Proposal to Declare Kampong Datok Keramat Settlement as a Malay Reservation. (DOKL. 6830).

This is a proposal by the D.O., K. Lumpur to declare the Kampong Datok Keramat Settlement as a Malay Reservation under section 3(1) of the Malay Reservation Enactment (F.M.S. Cap. 142). The area of the Settlement is shown outlined in red on tracing (1A) in D.O.K.L. 6830.

2. The Settlement comprising an area of about 170 acres is situated in the Mukims of Setapak and Ampang. The whole of the area is within the Municipality of K. Lumpur, although only a part lies within the Township of K. Lumpur.

3. At present, there are 317 houses/erected and occupied by Malay Squatters from various parts of the Municipality. In addition, the Housing Trust is in the course of erecting 200 houses to accommodate / those Malay families rendered homeless by the Gombak Lane fire and other homeless Malay families in the Municipal area. The total housing capacity of the Kampong is about 639 houses.

4. The Ruler in Council at the meeting of the Executive Council on 30th January, 1954 directed that this area be set aside for Malays and also authorised the issue of 30 year leases. Now the inhabitants of the Kampong have requested that the area be declared a Malay Reservation so that they may be protected from the influx of other races.

5. The D.O., K. Lumpur, therefore, asks that the area as shown outlined in red on tracing (1A) be declared a Malay Reservation known as Kampong Datok Keramat Malay Reservation.

6. The P.M.C. considers that from a Town Planning point of view, it is not a good policy to segregate certain section of the community in reservations in the Town, either on racial, religious, political or financial basis. He states that it is important/in highly developed urban areas, the population should contain people of the widest possible variety of interests and outlook which will tend to encourage and consolidate a homogeneous social life and outlook apart from the scope it offers in the way of employment.

7. The matter is submitted for consideration and advice of the Standing Committee.

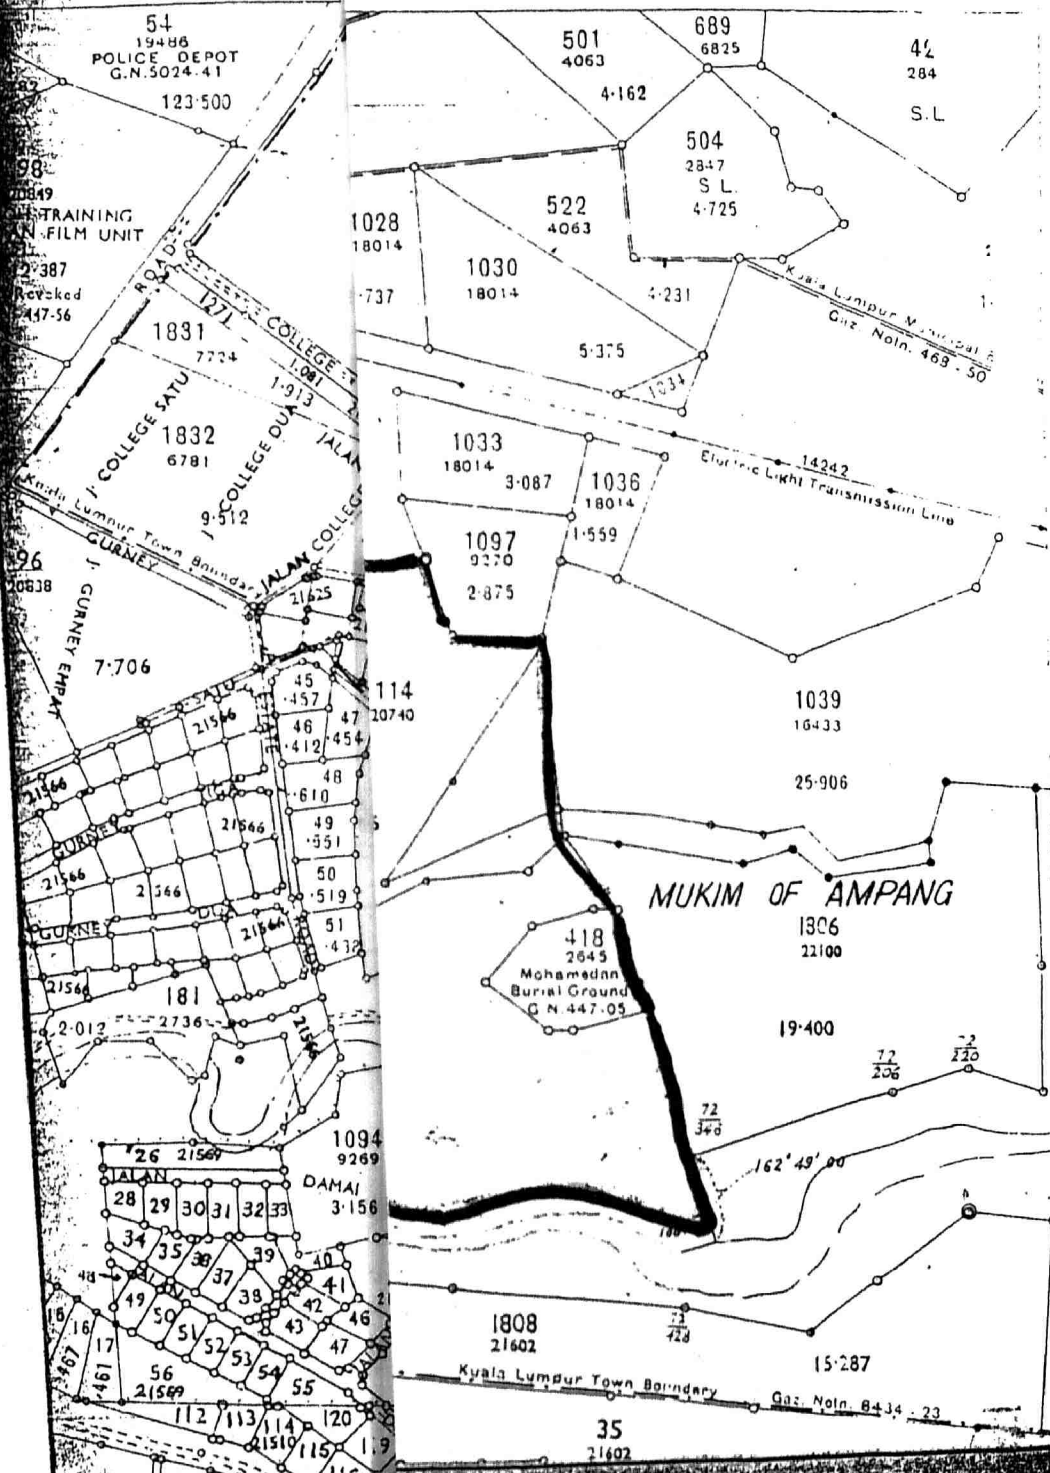

(File and tracing may be seen in the Council Chamber during office hours).

The Standing Committee advise approval of the request in para. 5 above.

Approved by the R. in C. at the meeting
of Ex. Co. held on 13-4-57

HOUSING.

Will you please note that the Executive Committee at its meeting on the 27th of June, 1956 laid down the following directive in regard to loans provided by R.I.D.A. for low cost housing: -

1. A certain number of houses shall be reserved for R.I.D.A. Officers, as directed by the Authority after consultation with the State Development Officer in each particular case.
2. No loan will be ~~approved~~ for what is termed "Slum Clearance". The purpose of a low cost housing loan is to provide housing for that section of the population which is unable to afford high rentals and which lives in the rural area or is connected with industry in the rural area. If there is any doubt as to the application of this sub-paragraph would State Development Officers please refer the matter to the Executive Committee.
3. State Development Officers must draw the attention of their respective State/Settlement Governments to the fact that the appropriate Authority for Housing Loans is the Ministry of Local Government & Housing. R.I.D.A. is concerned only with the type of housing which affects its directive. These facts should be made very clear to all District Officers in order to avoid any future confusion in this matter.

DATE
17th May 1958.

The Municipal Architect,
P. O. Box 1022,
Kuala Lumpur.

Dear Sir,

Project No.38
150 Houses Dato Kramat - Kuala Lumpur.

I wish to refer to your letter of 12th May Ref.25 in KLM.810/57 enclosing a letter from the tenant of House No.13, Lorong 12 Kampong Dato Kramat and to point out that in accordance with the terms of the Contract the Defects Liability Period expired on the 5th December 1957, and that, therefore, the Contractor cannot be required to repair the defects reported in this letter.

Although as noted above the Defects Liability Period expired in December last year, the Trust, as a result of verbal request, made a further inspection. After this inspection the Contractor and the Supplier of the roofing sheets agreed to change a considerable number of defective sheets in those houses which had not been structurally altered. This work is now being carried out but in view of the additional complaints which are still being received from the tenants I consider that it is necessary to come to some agreement regarding the Trust's and the Contractor's responsibilities. Accordingly I would like to suggest that a meeting be held at this office to discuss the whole matter between yourself and perhaps the Municipal Treasurer, the Chief Estate Officer and the Chief Architect of the Trust at 10 a.m. on Tuesday 27th May. If this is not convenient perhaps you would be good enough to suggest an alternative.

Yours faithfully,

for MANAGER AND SECRETARY.

c.c. Municipal Treasurer,
Kuala Lumpur.
