YOU CAN'T KEEP
SUCKING
IT IN ALL THE TIME!

Weight before therapy
114kg

Weight after therapy
65kg

Total weight reduction: 49kg
Total inches loss: 127 inches

Before Yvonne Yapp was 114kg, she was an aspiring Wedding Planner. After giving birth to her now 8-year-old son, she battled hormonal imbalance that only contributed more to her weight problem.

It affected my career as well as my relationship with my family, to make matters worse had a weakness for desserts and cakes, which I could not stop.

When numerous slimming attempts gave no results, Yvonne was close to giving up. In her last attempt, she approached Marie France Bodyline. Having heard much about their advanced slimming technologies and impressive results, here she underwent a series of weight management programmes that helped her drop excess pounds, tone up, reduce stretchmarks and cellulite.

Yvonne said, "It's a miracle! I lost 49kg and I'm still counting."

"My clothes fit better, I can wear my pre-pregnancy clothes again! Also, I've more reason to shop for new clothes now, to fit the new me!" she adds with a laugh.

Now at 65kg, Yvonne's confidence has been renewed as she shows off her more defined curves. What's the secret? Marie France Bodyline, of course!

TARGET ALL YOUR PROBLEM AREAS

Get the body you desire with Marie France Bodyline's latest breakthrough slimming technology, the **BodyTech™ Perfectionist System (BTPS)**. This system targets problem areas such as flabby arms, bulging tummies and chunky thighs. BTPS also reduces cellulite, lightens stretch marks as well as tones and tightens saggy skin.

BodyTech™ Perfectionist System is Marie France Bodyline's latest formula that combines the efficacy of three active compounds:

CafeSilane C, a super fat buster that sculpts your body and gives you firmer, smoother and younger looking skin.

Bodyfit, a wonder tissue reconstructor that relieves water retention and reduces fat storage.

Regestril, a miracle skin tightener that regenerates new skin cells, increases collagen production, reduces stretch marks and tightens saggy skin.

Together, these compounds are known to deliver amazing results. And, best of all, our **BTPS serum** is now available for home use – so you can apply it daily for even better results.

For the ultimate in slimming solutions, look no further than Marie France Bodyline. We have the experience, the expertise and the latest technology to help you achieve your dream figure.

LONDON™ WEIGHT MANAGEMENT

"It feels good to be slim again!"

After I gave birth to my children, my weight wouldn't go down. I tried the usual methods like eating lesser food and exercising, but it didn't work. My problem areas were my arms, tummy and thighs. At **London Weight Management**, I lost **11kg** and I'm the slimmest ever! The service was prompt and professional, and my weight management expert was friendly."

Post-natal Weight Gain

Understanding Post-Natal Weight Gain

For post-natal weight gain, fat usually accumulates around the arms, tummy and lower body. Sometimes, these women have chunky waists.

Healthy Fat Cell

In a healthy body, our hormones help to regulate our organs and maintain our well-being.

Cellulite Fat Cell

However, after childbirth, the female hormones go out of balance. This affects the body's natural cycle to reduce calories and fat.

Know More About it

- Internal secretion and metabolic rate of fat cells dysfunction.
- Increase in appetite during pregnancy.
- After childbirth, the stomach and liver have a hard time readjusting to normal digestion.
- Changes in female hormones after childbirth.
- With professionals' help, you will lose 4-16cm or more in just one session.
