Acknowledgements

In the course of preparing this thesis within a short period of time, I cannot forget valuable assistance and advice provided by my Supervisor Dr. Kwek Kian Teng and friends. I am particularly grateful to my supervisor Dr. Kwek for her guidance for the past one year to accomplish this thesis. She is a professor of faculty of Economy and Administration in University Malaya. She has been very patience and detail in giving her advice and suggestion to improve this thesis.

I am grateful to Federal Express Services (M) Sdn. Bhd., my employer, for sponsoring the fees of this course and being understanding to allow me taking leave for data and information collection.

I appreciate the support given by Ms. Lulu who is a member of the administration staff of the faculty of Economics and Administration in University Malaya for fulfilling all the documentation in a very efficient manner.
