

LIST OF FIGURES

Figure		Page
1.1	Patient on haemodialysis treatment	4
2.1	Education –Compliance Model for haemodialysis patients	50
3.1	Flow Chart of Data Collection Process	72
4.1	Line graph showing linear trend of IDWG/kg at baseline 1-, 3-, and 6-month	110
4.2	Line graph showing linear trend of MPBP/mmHg at baseline 1-, 3- and 6-month	112
4.3	Line graph showing linear trend of RFA/% at baseline 1-, 3-, and 6-month	113

LIST OF TABLES

Table		Page
1.1	Stages of Chronic Kidney Disease	2
3.1	Frequency distribution of total sample recruited	59
4.1	Number of patients recruited into the study	77
4.2	Characteristics of patients	78
4.3	Pre-intervention fluid overload experience and symptoms	80
4.4	Pre-intervention source of information received, frequency and form of information received	82
4.5	Correct responses for individual knowledge questions, pre-and post-intervention	85
4.6	Knowledge levels pre -and post intervention in the control and experimental groups	87
4.7	Association between knowledge levels and ever received information	88
4.8	Mean total knowledge by demographic and clinical characteristics pre- and post-intervention in both experimental and control groups	90
4.9	Post hoc analysis of mean total knowledge by demographic and clinical characteristic pre- and post-intervention in both experimental and control groups	95
4.10	Comparisons on mean total knowledge on fluid and salt control between the experimental and control groups pre- and post-intervention	99
4.11	Outcome for knowledge improvement on fluid and salt control post- intervention for both experimental and control groups	101
4.12	Results of multivariate logistic regression analysis predicting post-intervention knowledge improvement in the experimental group	104
4.13	Comparison of fluid compliance between experimental and control groups at 1-month, 3-month and 6-month and within each group from baseline to 6-month	108
4.14	Compliance with interdialytic weight gain (IDGW) pre- and post-intervention	115

LIST OF TABLES

Table		Page
4.15	Compliance with mean predialysis blood pressure (MPBP) pre- and post-intervention	117
4.16	Compliance with rate of fluid adherence (RFA) at pre and post-intervention	119
4.17	Outcome for fluid compliance 1-month post-intervention	123
4.18	Outcome for fluid compliance 3- month post –intervention	126
4.19	Outcome for fluid compliance 6-month post intervention	129
4.20	Results of the logistic regression analysis predicting IDWG compliance improvement at 1-month post-intervention for the experimental group	132
4.21	Results of multivariate logistic regression analysis predicting IDWG compliance improvement at 3-month post-intervention for the experimental group	135
4.22	Results of multivariate logistic regression analysis predicting IDWG compliance improvement at 6-month post-intervention for the experimental group	138
4.23	Results of the multivariate logistic regression analysis predicting MPBP compliance improvement at 1-month post-intervention for the experimental group	141
4.24	Results of the multivariate logistic regression analysis predicting MPBP compliance improvement at 3-month post-intervention for the experimental group	144
4.25	Results of multivariate logistic regression analysis predicting compliance improvement of MPBP in the 6-month post-intervention for the experimental group	147
4.26	Results of the multivariate logistic regression analysis predicting the RFA compliance improvement at 1-month post intervention in the experimental group	150
4.27	Results of the multivariate logistic regression analysis predicting the RFA compliance improvement at 3-month post-intervention for the experimental group	153
4.28	Results of the multivariate logistic regression analysis predicting the RFA compliance improvement at 6-month post-intervention in the experimental group	156

LIST OF APPENDICES

	Page	
Appendix A	Questionnaire.	209
Appendix B	Patient Data Collection.	212
Appendix C	Teaching Plan and Guides.	220
Appendix D	Patient Information Booklet.	229
Appendix E	Letter of Approval from Ethics Committee and Director of Hospitals.	244
Appendix F	Research Consent Form.	252
Appendix G	Explanatory Statement.	254
