

## LIST OF FIGURES

Figure 1.1	Proposed study design .....	9
Figure 2.1	Transformation Roadmap for HEI .....	18
Figure 2.2	Cognitive Domain (Thinking, Knowledge) .....	22
Figure 2.3	Psychomotor Domain (Doing, Skills) .....	22
Figure 2.4	Malaysian Qualifications Framework: Qualifications and Levels .....	23
Figure 2.5	The relationship between data, information and knowledge .....	25
Figure 2.6	The complexity of Knowledge: tacit vs explicit knowledge .....	34
Figure 2.7	Conceptual Framework .....	44
Figure 3.1	Mixed methods design criteria for timing .....	52
Figure 3.2	Mixed methods design criteria for Weighting .....	53
Figure 3.3	Mixed methods design criteria for Mixing .....	54
Figure 3.4	The research structure .....	55
Figure 3.5	Mixed method research process .....	57
Figure 4.1	Enhance or Introduce New Course Process.....	87
Figure 4.2	Relationship between subject learning outcome, course learning outcome, Programme outcomes and compliance to the stakeholders .....	89 42
Figure 4.3	University Malaya <i>Continual Quality Improvement (CQI) Model</i> .....	90
Figure 5.1	Lacking in current Curriculum: Enhance or Introduce New Course Process .....	137
Figure 5.2	Factors in choosing course in HEI.....	147
Figure 6.1	Software Quality Tree.....	166
Figure 6.2	Proposed study design.....	168
Figure 6.3	The Input-Output Process .....	169
Figure 6.4	View Current Curriculum: Bachelor of Information Technology (Management) .....	172
Figure 6.5	View Current Curriculum: Bachelor of Information Technology (Multimedia) .....	173
Figure 6.6	Bachelor of Computer Science (Computer System and Networking) .....	174
Figure 6.7	Bachelor of Computer Science (Software Engineering) .....	175
Figure 6.8	Bachelor of Computer Science (Management Information System) .....	176
Figure 6.9	Bachelor of Computer Science (Artificial Intelligent) .....	177
Figure 6.10	Overview of the Job Categorization Process .....	178
Figure 6.11	Hierarchy on job categories .....	179
Figure 6.12	Main Users of KMS .....	189
Figure 6.13	Employer Module .....	189
Figure 6.14	Faculty Module .....	190
Figure 6.15	Student Module .....	190
Figure 6.16	Administrator Module .....	191
Figure 6.17	Overall ER Diagram .....	192
Figure 6.18	Class diagram for Users in KMS .....	193
Figure 6.19	Administrator login page .....	196
Figure 6.20	Employer Login Page .....	198

Figure 6.21	Student Login Page .....	200
Figure 6.22	Faculty Login Page .....	202
Figure 6.23	Class diagram for Faculty Registration System .....	203
Figure 6.24	Class diagram for Employer Registration System .....	203
Figure 6.25	Class diagram for Student Registration System .....	204
Figure 6.26	Use Case Diagram for Overall KMS in HEI .....	205
Figure 6.27	Use Case Diagram for Administrator .....	206
Figure 6.28	Use Case Diagram for Registration and Login .....	207
Figure 6.29	Use Case Diagram for Users Profile .....	208
Figure 6.30	Activity Diagram for Registered User Login .....	209
Figure 6.31	Activity Diagram for Initial User Registration .....	210
Figure 6.32	Activity Diagram for New User Registration .....	211
Figure 6.33	Structural and Functional System Tests .....	214
Figure 6.34	The base documents at each level of Computer-Based Testing .....	216
Figure 7.1	Blueprint Knowledge Management System Implementation in FCSIT, UM .....	221

## LIST OF TABLES

Table 2.1	Specific Learning Outcomes .....	20
Table 2.2	Specific Requirements for Degree Programme .....	21
Table 2.3	Definitions of Knowledge Management .....	26
Table 2.4	Knowledge Perspectives and Their Implications .....	32
Table 2.5	The Difference between tacit knowledge and explicit knowledge .....	33
Table 2.6	KM applied in a faculty in a HEI .....	36
Table 2.7	A Review of Knowledge Management Frameworks and Research Methodology .....	45
Table 3.1	Four major design type .....	54
Table 3.2	Data Collection Techniques .....	58
Table 3.3	Survey constructs for current students .....	61
Table 3.4	Survey constructs for Graduated students .....	63
Table 3.5	Survey constructs for HEI .....	65
Table 3.6	Survey constructs for Employers . .....	67
Table 3.7	Data Source .....	73
Table 3.8	A summary of the survey items extracted from SUMI .....	75
Table 4.1	Structure of Bachelor of Computer Science and Bachelor of Information Technology .....	84
Table 5.1	Responders' details .....	93
Table 5.2	Respondents' demographic details (Students) .....	98
Table 5.3	Respondents' demographic details (HEI staff) .....	99
Table 5.4	Respondents' demographic details (Employer) .....	100
Table 5.5	System Evaluation .....	152
Table 5.6	Reliability Coefficients (Cronbach's Alpha) .....	160
Table 6.1	Job title table .....	180
Table 6.2	Job Category Title Table .....	180
Table 6.3	Job Position Title Table .....	181
