

*And it is He Who sends the winds as heralds of glad tidings, going before His mercy (rain). Till when they have carried a heavy-laden cloud, We drive it to a land that is dead, then We cause water (rain) to descend thereon. Then We produce every kind of fruit therewith. Similarly, We shall raise up the dead, so that you may remember or take heed. - The vegetation of a good land comes forth (easily) by the permission of its Lord; and that which is bad, brings forth nothing but (a little) with difficulty. Thus do We explain variously the Ayat for a people who give thanks. (Al-A'-raaf 7:57-58)*
