

## List of Figures

Figure 1.1:	Research Approach for Developing a User Centered Travel Website for the Elderly .....	4
Figure 2.1:	National Institute of Health Web Page.....	15
Figure 2.2:	Screen Shot of the Eldertrek <a href="http://www.eldertreks.com/">www.eldertreks.com/</a> .....	28
Figure 2.3:	Screen Shot of the Travel Website by AARP Organization <a href="http://www.travelocity.com/AARP/home">http://www.travelocity.com/AARP/home</a> .....	31
Figure 3.1:	STAR Lifecycle Model (Hartson and Hix, 1989).....	36
Figure 3.2:	Interaction Design Model (Preece et al., 2002).....	38
Figure 3.3:	The Research Approach to Produce Blue Air Travel Website.....	43
Figure 4.1:	Task Sheet.....	67
Figure 5.1:	The Design and Implementation Process of the Blue Air Travel Website.....	85
Figure 5.2:	Mr.Chong’s Card sorting Session.....	91
Figure 5.3:	Dendogram of the Card sorting Analysis-The Categorization of Content for Blue Air Website.....	83
Figure 5.4 :	Main Page –Paper Prototyping .....	85
Figure 5.5:	Flight Main Page - Paper Prototyping .....	86
Figure 5.6:	Flight List Page - Paper Prototyping .....	87
Figure 5.7:	Flight Confirmation - Paper Prototyping .....	88
Figure 5.8:	Flight Itinerary - Paper Prototyping .....	88
Figure 5.9:	The Seating Arrangement.....	90
Figure 5.10:	The Screen Layout was pasted on the Table .....	90
Figure 5.11:	Task Scenarios for Paper Prototyping.....	91
Figure 5.12:	Sample of the Paper Prototype Aids Used For the Project.....	92
Figure 5.13:	One of the Sessions with Mr.Chong.....	93
Figure 5.14:	Colour Contrast of the Page.....	103
Figure 5.15:	The Increase and decrease font button and Indent To Left.....	104
Figure 5.16:	Backward and Forward Navigation Button.....	104
Figure 5.17:	Navigation buttons and breadcrumbs are provided in all the Pages and the Hyperlink labelling.....	105
Figure 5.18:	Task Scenario for User Testing on the High Fidelity Prototype 1.....	106

Figure 5.19:	Implementation of Blue Air Travel Website for the Elderly Users.....	112
Figure 5.20:	Flight Booking's Main Page.....	114
Figure 5.21:	Screen Shot showing No Flights Available.....	114
Figure 5.22:	Flight List shows morning and evening flight for Departure only...	115
Figure 5.23:	Flight List show only One Flight Available .....	115
Figure 5.24:	Screen Shot of the Flight Confirmation Page.....	116
Figure 5.25:	Screen shots of the Reservation Details for the Flight Booking.....	116
Figure 6.1:	Task Sheet.....	119
Figure 6.2:	How User Finds the Website to be? .....	124
Figure 6.3:	How Stimulating the Website is?.....	125
Figure 6.4:	How Flexible user feels when Using the Website?.....	125
Figure 6.5:	User Perception of the Website Compared To Other Websites.....	126
Figure 6.6:	Overall Usability of the Website.....	127
Figure 6.7:	How Satisfied are Users on the Contrast of the Page?.....	128
Figure 6.8:	Satisfaction of Users on the Default Fonts Used.....	129
Figure 6.9:	How Helpful is the Increase and Decrease Font Function?.....	130
Figure 6.10:	The Readability of the Content on the Website.....	130
Figure 6.11:	How Users Agreed on the Terminology and the Language Used on the Website.....	131
Figure 6.12:	How Well Users Agree on the Organization of the Content and its Comprehensiveness.....	132
Figure 6.13:	How easy is it to make Hotel Booking?.....	132
Figure 6.14:	How easy is it to make Package Booking?.....	133
Figure 6.15:	How Easy was it to Choose and Add Destination.....	134
Figure 6.16:	The Consistency of the Website's Layout.....	134
Figure 6.17:	Layout of the Web Page Designs.....	135
Figure 6.18:	The Satisfaction of Users on the Design of the Page.....	136
Figure 6.19:	How easy is to find the Link in the Pages?.....	136
Figure 6.20:	How the labels were perceived to be?.....	137
Figure 6.21:	Confidence Level of the Users on using the Website.....	137
Figure 6.22:	How appropriate were the Button and Icons Sizes.....	138
Figure 6.23:	How Comfortable Are Users When There is No Scrolling, Blinking Images and Advertisements.....	138
Figure 7.1:	The Research Approach to Produce Blue Air Travel Website.....	142
