ACKNOWLEDGEMENT

I wish to express my sincere gratitude and appreciation to Assoc. Prof. G. Naidu, whose invaluable guidance, advice and reviews enabled me to produce this research paper.

I am also indebted to the management and staff of the Federal Land Consolidation and Rehabilitation Authority (FELCRA) for the relevant information, assistance and encouragement provided.

A special thanks also goes to all my friends, especially Paul, Tan and Kok, for their support and encouragement during the course of my study.

Last but not least, I wish to express my sincere appreciation to my parents and other family members who created an environment which made this gruelling effort possible and worthwhile.
