## CHAPTER 1 : INTRODUCTION

1.1 Background                                  2
1.2 Objectives of the research                  7

## CHAPTER 2 : LITERATURE REVIEW

2.1 Introduction                                9
2.2 Classification                              11
2.3 Epidemiology and prevalence                 12
2.4 Transmission Cycle                          13
2.5 Geographical Distribution                   15
2.6 Diseases                                    16

## CHAPTER 3 : METHODOLOGY

3.1 Source of Flaviviruses sequences            19
3.2 Multiple sequence alignment of flaviviruses 20
3.3 Identification of anti-viral target binding sites 22
3.3.1 Identification of binding sites using PyMOL viewer 23
TABLE OF CONTENTS

CHAPTER 4 RESULTS
4.1 Multiple sequence alignment of flaviviruses 26
4.2 Identification of anti-viral target binding site through literature research 27

CHAPTER 5 DISCUSSION
5.1 Multiple sequence alignment of flaviviruses 35
5.2 Identification of binding sites through literature research 36
5.3 Non-structural protein NS2B-NS3 serine protease 37
5.4 Limitation of the study 38

CHAPTER 6 CONCLUSIONS AND RECOMMENDATIONS
6.1 Conclusion 40
6.2 Recommendation 41
