

## ACKNOWLEDGEMENT

My sincere gratitude and appreciation towards my supervisor, Professor Dr. Agamuthu P for his guidance throughout my research embark.

I would like to also thank University of Malaya and IPPP for providing research grants (RG002/09SUS) and (P0118/2010A) and facilities to conduct lab analysis and Ministry of Higher Education for MyMaster scholarship.

For those who have been supportive all the way; Dr Fauziah Shahul Hamid, Dr. Emenike Chijioke, Puan Siti Zubaidah Baharudin and fellow labmates Venu Mahendra, Theepa, Siva Shangari, Arezoo, Nicole Leong HY and the rest.

Last but not least, to my parents Hjh Siti Juliah binti Puteh and Hj Muda bin Endut for their patience and endless support to keep my feet on the ground. Also my siblings Nurul Hidayah, Nurul Huda and Muhammad Hafizi for being the source of inspiration and encouragement to keep me motivated in anyway possible towards the completion of my studies. It is a tough journey and I made it somehow. Love you all very much.
