

ACKNOWLEDGEMENTS

I wish to express my sincere gratitude to my supervisor, Asso. Prof. Dr. Pazim @ Fadzim bin Othman for his guidance and understanding during the course of this research.

I am also greatly indebted to my colleague Vejayan Rajaretnam for painstakingly editing my research paper. I would also like to thank my students of Sek. Men Taman Tun Dr. Ismail and my nephew Magentharau for helping me to carry out my survey, for without them I would not be able to conduct my survey.

Finally, I would like to thank my parents and my wife for their understanding and support throughout the period I spend writing this paper.
