**Chapter**

I. **INTRODUCTION** ........................................... 1  
   Objective ........................................................................ 1  
   Definition of Marketing ........................................... 1  
   Method of Survey ................................................... 1  
   Scope of Investigation ........................................... 3  
   Difficulties Encountered ......................................... 3  
   Experiences Gained .................................................. 4  
   Acknowledgements ................................................... 4  

II. **GENERAL BACKGROUND KNOWLEDGE** ............................ 5  
(A) SEKINCHAN IRRIGATION AREA .................................. 5  
   Location .......................................................... 5  
   Size ........................................................................ 5  
   Communications ................................................... 8  
   Agricultural Production and Marketing ....................... 9  
   Fish Production and Marketing ................................ 11  
   Livestock Rearing and Marketing ................................. 12  

(B) BLOCK S4 ....................................................... 13  
   Choice of a Block Study ............................................ 13  
   Location .................................................................. 14  
   Size ........................................................................ 14  
   Communication ........................................................ 14  
   Structure of Agriculture ......................................... 14  
   Fish Production ..................................................... 14  
   Selected Commodities for Detail Study ........................ 17  

III. **MARKETING OF PADI IN BLOCK S4** ........................... 18  
   PRODUCT AND PRODUCTION ........................................ 18  
   Characteristics ..................................................... 18  
   Quality and Uses .................................................... 18  
   Nature of Production ................................................ 19
### SUPPLY

- Gross Yield and Amount Marketed ........................................ 19
- Frequency and Time of Supply ........................................... 19
- Variation and Trend of Volume Marketed ................................ 20
- Supply and Demand ......................................................... 20

### SELLING

- Local Cooperative Rice Mill Societies Limited ......................... 21
- Private Padi Dealers ...................................................... 21

### PRICING

- Price Fixation ........................................................................ 21
- Actual Price on the Farm .................................................... 22
- Private Padi Dealers and the Price ....................................... 23

### FINANCING

- Financing the Farmers ....................................................... 23
- Financing the Private Padi Dealers ....................................... 24
- Financing the Cooperatives ................................................... 24

### GRADING, CLEANING AND DRYING

- Means of Transport from Field to Houses ................................ 25
- Means of Transport from Houses to Tanjong ................................ 26
- Karang ................................................................................. 26
- Cost of Transport .................................................................... 26

### IV. MARKETING OF VEGETABLES IN BLOCK S4

- PRODUCT AND PRODUCTION ................................................. 27
  - Characteristics ................................................................. 27
  - Quality and Uses ............................................................... 27
  - Nature of Production .......................................................... 28
- SUPPLY .................................................................................. 31
  - Gross Yield and Amount Marketed ........................................ 31
  - Frequency and Time of Supply .............................................. 31
  - Variation and Trend of Volume Marketed ............................... 31
  - Supply and Demand ............................................................. 33
- SELLING .................................................................................. 34
  - Direct Selling ........................................................................ 34
  - Indirect Selling ...................................................................... 34
- PRICING .................................................................................. 35
  - Price Fixation ....................................................................... 35
  - Maximum Price ..................................................................... 36
  - Minimum Price ...................................................................... 37
  - Second Maximum Price ......................................................... 37
V. MARKETING OF MAIZE AND SWEET POTATO IN BLOCK S4 42

PRODUCT AND PRODUCTION 42
Characteristics 42
Quality and Uses 43
Nature of Production 44

SUPPLY 45
Gross Yield and Amount Marketed 45
Frequency and Time of Supply 45
Variation and Trend of Volume Marketed 45
Supply and Demand 46

SELLING 46
PRICING 46
FINANCING 46
Financing the Farmers 46
Financing the Dealers 50

CLEANING AND GRADING 50
PACKING, STORING, WEIGHING AND HANDLING 51
TRANSPORTING 51

VI. CONCLUSION: PROBLEMS AND RECOMMENDATIONS FROM PRODUCERS' PERSPECTIVE 52

(A) ACCUTE MARKETING PROBLEMS 52
Pricing of Padi 52
Pricing of Off-season Crops 54
Financing and Marketing 55

(B) LESS ACCUTE MARKETING PROBLEMS 56
Product and Production and their Relation to Marketing 56
Supply and Marketing 57
Selling 58
Grading, Cleaning and Drying 58
Packing, Stowing, Weighing and Handling 59
Transporting 60
Risk-Taking 61
Market Information 62
Appendix

I. A List of 25 Farmers interviewed in Block S4
II. A List of Private Padi Dealers (Provision Shops) in Sekinchan
III. A List of Cooperative Rice Mill Societies Limited in Sekinchan
IV. A List of Licensed Vegetable Dealers in Sekinchan
